

The King Of Oil The Secret Lives Of Marc Rich

I am Arden - as the oldest child in my family, I have to deal with my two younger brothers (who can be annoying!) and the constant nagging of my parents (they call it encouragement!), as I navigate the challenges of middle school - I am too old to be spoiled, but too young to be independent. This puts me in a tough spot.From dealing with my unusual name to trying to outwit my Mom by using the microwave to melt my ice cream just right, to currying favor with the school's Principal, and to starting a dog walking business with my best friend, Ron, I am going through life trying to fully experience everything. But will I be able to deal with it all? Read my story, but be prepared for a wild ride...

Long an outcast from his beloved Senagra, the wizened warrior named Fendreg, garbed in his mystical gaden armor, wanders the world, but always with an eye towards returning to home. Honor compels him time and again to aid those in need. In *"The Cursed King and Other Stories"* author Shaun Kilgore brings together a few of his fabled Senagran's exploits.

A simple but challenging children's activity puzzle book with 50 puzzles that helps to develop good hand-eye co-ordination and improve spelling. Don't insult your children by giving them easy activity puzzle books. Children want and need to be challenged. Challenges build character. Using a pair of scissors is an excellent way to develop good hand-eye co-ordination and dexterity.

"Shares the story of Leonard the Lion--admired by all other animals as King of the Jungle--who wears a red cape and uses his power and status to make a positive impact on those around him. The fun, colorful book is sprinkled with magic and mystery"--

A full-length account by the award-winning co-writer of the *Los Angeles Times* "The Politics of Petroleum" article explores corruption within the oil industry, describing rivalries between governments, organized crime, multinational corporations and forefront individuals.

Billionaire oil trader **Marc Rich** for the first time talks at length about his private life (including his expensive divorce from wife Denise); his invention of the spot oil market, which made his fortune and changed the world economy; his lucrative and unpublicized dealings with Ayatollah Khomeini's Iran, Fidel Castro's Cuba, war-ravaged Angola, and apartheid South Africa; his quiet cooperation with the Israeli and U.S. governments (even after he was indicted for tax fraud by Rudy Guilliani) and near-comical attempts by U.S. officials to kidnap him illegally. This sure-to-make-headlines book is the first no-holds-barred biography of Rich, who was famously pardoned by Bill Clinton, and resurfaced in the news during the confirmation hearings of Attorney General Eric Holder. The King of Oil sheds stunning new light on one of the most controversial international businessmen of all time.

The true story of innocence, conspiracy and betrayal described in this book took place in early 19th century London. Maureen Sayers - on whose journals the book is based - was born in Ireland and moved to London in 1817. This was after the death of her mother the previous year. By all accounts an intelligent and attractive young lady, Maureen was strong-willed but nevertheless retained a delightful innocence, one that would immediately place her at the mercy of the capital's sordid underbelly. After eventually escaping the clutches of her lecherous tormentors, she found work with Hannah Courtoy, caring for Hannah's husband John. During his lifetime John Courtoy became one of the richest men in England. Remarkably he amassed his fortune while working as a humble wig-maker. He achieved his wealth through many activities in addition to those of his chosen occupation, possibly the first of its kind in England. Using the money derived from this activity, he then became a prodigious money-lender, catering largely to the needs of the aristocracy, gentry, and merchants of London. As his fortune grew, he proved to be a wily investor. He was also a renowned miser. John Courtoy was born Nicolas Jacquinet in 1729, in the town of Jussey, France. He adopted the name of John Courtoy after he fled to England in 1751. When he eventually died in 1818 he was 89 years of age. John made two *Wills*, one in 1810. The other in 1814. The second Will was made when his mental health had allegedly become severely impaired, raising many questions as to its validity. Maureen raises several interesting observations concerning the destination of his fortune. Central to her interpretation of events is that his Last Will and Testament of 1814 was fraudulently compiled. According to Maureen's account his estate - which would be worth over £20 million in today's money - might have ended up in the wrong hands. Maureen's narrative provides sparking insights into early 19th century London life. Whether she is recording visits to the theatre, attendance at glittering soirees or simply everyday life on the capital's putrefying streets, by immersing oneself in her story, it is possible to experience many of 19th London's fascinating qualities, both virtuous and corrupt.

Government, Corporate, and Activist Discourses

-A book that looks at the possible upcoming oil shock and dollar shock from the perspective of a fund manager- What will be the course of oil price in the future? We should be prepared for a third oil shock. The oil price that rose to \$140 a barrel in 2008 plummeted after the Lehman Brothers crisis, and rebounded to one hundred dollars. As Tunisia's Jasmine Revolution spread across the Middle East and North Africa in 2011, the oil price rose because of the political unrest the antigovernment protests brought. In the first half of 2012, the Iranian Revolution also acted as a fear factor and put pressure on increasing the oil price. Afterward, financial crises emerged in European countries, especially Greece and Spain, and oil price became weak. How will the oil price change in the future? Oil production is concentrated in a few certain countries. As some of these countries are politically and financially unstable, a problem often occurs from the supply side of oil. On the other hand, oil-consuming countries are geographically far away from these countries, and usually are highly dependent on oil. Furthermore, some transportation routes occupy a high proportion of oil trade. If this is interlocked with production problems, the ripple effects will be great. For example, the Strait of Hormuz is located between Iran and Oman. If this strait is closed, approximately 28 percent of worldwide oil trade will have a problem. The Strait of Malacca is located between Indonesia, Malaysia, and Singapore. This is an important gateway to Asia, and 15 percent of worldwide trades of oil are conducted through this route. Like this, there exists an imbalance of oil supply and demand. The psychological influence that alternative energy sources, such as nuclear energy, have on oil price can't be ignored. In March of 2011, an accident occurred in which radiation leaked from the Fukushima nuclear power plant because of an earthquake in Japan. Afterward, animosity toward nuclear power plants built up and movement against nuclear power plants occurred. As alternative energies, such as solar and wind, aren't yet efficient, breaking away from the efficient nuclear power may result in an increase in oil dependence. And if the oil price becomes unstable, it could have the effect of eliminating the upper limit. Most books on oil seem to have been written by people who have worked or still work in the oil industry. Writings of scholars or journalists in the related fields can be seen every now and then. As a fund manager, I would like to interpret the past, considering both the oil and the dollar through the eyes of a financier, and suggest a new point of view. I will look at the interests of each country and reinterpret the history of oil and the dollar with the Oil-Dollar Composite Index. In Part 1, the process how the oil majors developed through competition and cooperation, and the oil-producing countries' acknowledgment of their own power, will be dealt with. Beginning with the rise of the US in the Middle East, nationalism emerged in the oil-producing countries, and power shifted from the oil majors to the oil-producing countries, which appeared as a result in the first and second oil shock. In Part 2, history will be reinterpreted considering both oil and the dollar. The past will be inspected with the Oil-Dollar Composite Index, and the dollar's role will be reilluminated in the interpretation of the history of oil. The winners and losers of the oil shock followed by the dollar shock will be shown. In Part 3, the oil price is understood not through supply and demand, but through the interests and balance of power of the countries. If we can understand the pending issues with the wisdom gained in Part 1 and Part 2, we can predict the direction of the oil price.

This late-printed edition of Tina's book "Stories from the Book of Daniel" will delight children and adults alike! Twelve stories from the Book of Daniel come alive with Tina's storytelling.Twelve stories from the Book of Daniel that bring it to life and relevant for children, teens, and adults.Chapter 1: Daniel and His Friends Eat Vegetables Chapter 2: Daniel and His Friends Serve the King Chapter 3: The King has a Bad Dream Chapter 4: Daniel Interprets the King's Dream Chapter 5: The Statue of Gold Chapter 6: Shadrach, Meshach and Abednego Chapter 7: King Nebuchadnezzar's Dream of a Tree Chapter 8: The Writing on the Wall Chapter 9: Daniel in the Lion's Den Chapter 10: God Rescues Daniel from the Mouths of Lions Chapter 11: God Continues to Use Daniel's Gifts Chapter 12: The Example of Daniel's Life This book will be available as regular print, large print; both on amazon.com and also on Kindle. The Coconut Oil Handbook - Coconut Oil 101 You're late to the party! That's right, if you are reading this and haven't started to utilize the amazing benefits of of Coconut Oil you have been missing out on one of natures best kept secrets! Have no fear, you are about to learn all about it. Class is now in session - The Coconut Oil handbook is going to teach you all the amazing health benefits of Coconut oil that they didn't teach you in health class. Coconut Oil has hundreds of uses, cures, and benefits. This is no hype, no BS handbook on the worlds healthiest oil. The critically acclaimed book Coconut Oil Handbook: Unlock the Secrets of Coconut Oil to Lose Weight, Beautify, Heal, and Detox by best selling author and blogger Aubrey Azzaro will educate and entertain you on the amazing health benefits of Coconut Oil! Coconut Oil Facts * Coconut Oil is Anti-Bacterial * Coconut Oil speeds up metabolism * Coconut Oil is anti fungal and anti viral * Coconut Oil is in-charge in eye defying antioxidants * Coconut Oil has been used for thousands of years * Coconut Oil is heart healthy * Coconut Oil is great for cooking and baking That is just the tip of the iceberg my friends! Coconut Oil has HUNDREDS of uses and we cover them in this handbook in glorious detail. We all know that natural and organic products are better for us. But why don't we use them more. My belief is that we just aren't educating ourselves properly. Turn on any channel on the television and we are inundated with advertisements for creams, pills, and potions that claim to make us look younger and healthier. The fact is: Most of those products are overpriced and loaded with synthetic chemicals that make us sick, drain our bank accounts, and damage our skin. Coconut oil on the other hand is natural, safe, and has been used for thousands of years with a list of benefits and remedies that reach mind blowing proportions. This is not hype folks, this is pure fact. This handbook will help shed some light on this wonderful oil and give you the information you need in order to become the best you that you can be. A Preview to the Coconut Oil Handbook * Coconut Oil 101 * Basic Nutritional Make up of Coconut Oil * Coconut oil for health * Coconut oil for beauty * Weight loss benefits of Coconut oil * Integrating Coconut oil into your everyday life * The best Coconut Oil to buy * Common cures and remedies * Saving money with Coconut Oil If you still reading - congratulations! You are one of the smart ones ready to take action towards building a better you. What are you waiting for? Get started today and start learning how this handbook can make you a more vibrant and healthy person. Scroll up and click the buy button to instantly download - Coconut Oil Handbook - Unlock the Secrets of Coconut Oil to Lose Weight, Beautify, Heal, and Detox You'll be glad you did!

This book is aimed at all those who want to learn about the world of trading in agricultural commodities: students, legislators, regulators and journalists. It is a mix of explanatory text and interviews with experienced market participants: farmers, physical traders, hedge fund managers, regulators and sustainability professionals.

Using company files, government documents, and personal interviews, the author recounts the unceasing diplomatic and corporate efforts to gain access to the enormous resources under the vast Arab desert

A look at how the world's rising powers began international oil empires amidst one of Africa's longest and deadliest civil wars -

This book examines mass communication and civic participation in the age of oil, analyzing the rhetorical and discursive ways that governments and corporations shape public opinion and public policy and activists attempt to reframe public debates to resist corporate framing. In the twenty-first century, oil has become a subject of civic deliberation. Environmental concerns have intensified, questions of indigenous rights have arisen, and private and public investment in energy companies has become open to deliberation. International contributors use local events as a starting point to explore larger issues associated with oil-dependent societies and cultures. This interdisciplinary collection synthesizes work in the energy humanities, rhetorical studies and environmental studies to analyze the global discourse of oil from the start of the twentieth century into the era of transnational corporations of the 21st century. This book will be a vital text for scholars in communication studies, the energy humanities and in environmental studies. Case studies are framed accessibly, and the theoretical lenses are accessible across disciplines, making it ideal for a post-graduate and advanced undergraduate audience in these fields.

(Color Version) Crow, the King of Sumo tells the story of Koji, a young boy who befriends one of the cooks on a U.S. Navy ship. As the unlikely pair connects, they become great friends, and Crow goes on to challenge the sumo champion of Japan. Along the way, they learn a lot from each other. Set in Japan during the Edo period of Japanese history, the tale has a fun and heartwarming connection to the modern world.

The Secret Lives of Marc Rich

Over twenty years old, Nemeih is already one of the best Guardians in the Academy. No one at the Academy, not even her best friend, knows about her dark past. Unsatisfied with her challenges as a Guardian, she finds herself searching for ancient magic, forbidden to her. Struggling to control the magic she now possesses, time is running short as the dark forces of the Guild are gaining in power and there are those who say that open war between the Guild and the Vine is just a matter of time. Knowing that something must be done to protect her world, Nemeih and her newfound friends set out on a journey to find the Vine to gain whatever knowledge and protection from the Guild they may offer. The further they go, Nemeih finds herself not only in near constant battle, but also questioning her heart - perhaps she will find more than friendship, but does she dare to confess that, even to herself? Approx. 21000 words

John Davison Rockefeller, the black gold magnate, was the first billionaire of his time and was known for his self-image and innovative organizational tactics. He built his industrial and business empire using disciplined strategies that were ahead of his time and still work today. More than half a century after his death, the methods and strategies he used to build his gigantic financial empire and rise to the head of one of the largest fortunes in human history estimated at \$340 billion according to Historia Magazine continue to fascinate thousands of successful businessmen and women of our time, including Bill Gates, Warren Buffet, Carlos Slim, Aliko Dangote, Oprah Winfrey, Isabel dos Santos and many others. His remarkable success in business also continues to inspire numerous programs and books describing the principles of business success. In this groundbreaking and new book, John D. Rockefeller plunges us into the heart of the "Ten Commandments of Business Success". For a long time hidden by the elite class, he takes us on a journey into the secret universe of money, wealth, happiness and glory through his mythical and triumphal journey. By understanding the methods and techniques that he used to make the economic and financial footprints of his global supremacy, and by applying them meticulously, you will be able to lay the foundations of your financial empire. Only a good dose of perseverance, hard work, faith, and obsession will be enough to lead you inevitably to the destination of the journey to success.

Billionaire oil trader Marc Rich for the first time talks at length about his private life (including his expensive divorce from wife Denise); his invention of the spot oil market which made his fortune and changed the world economy; his lucrative and unpublicized dealings with Ayatollah Khomeini's Iran, Fidel Castro's Cuba, war-ravaged Angola, and apartheid South Africa; his quiet cooperation with the Israeli and U.S. governments (even after he was indicted for tax fraud by Rudy Guilliani) and near-comical attempts by U.S. officials to kidnap him illegally. This sure-to-make-headlines book is the first no-holds-barred biography of Rich, who was famously pardoned by Bill Clinton, and resurfaced in the news during the confirmation hearings of Attorney General Eric Holder. The King of Oil sheds stunning new light on one of the most controversial international businessmen of all time, charting Rich's rise from the Holocaust, which he fled as a young boy, to become the wealthiest and most powerful oil and commodities trader of the century. From his earliest trading days to the present, Marc Rich's story is astonishing and compelling.

Kendall After losing my job and my home in the same day, I need a miracle. And that miracle is coming in the form of an interview with the son of a local oil baron, Gentry King. The catch? I have to hop on a private jet with said gorgeous oil baron to get to the interview. Except, I miss the interview when we get waylaid by a snowstorm. Now I'm stranded with Mr. King. In the same hotel room. With only one bed. Gentry I've made a promise to myself--no more women. It's not like I'm a love 'em and leave 'em kind of guy. They all know the score, and they're all looking for the same thing I am. But I have to set a better example for my grown sons, who seem to be making all the wrong decisions when it comes to their relationships. The last thing I need is to be stranded in a snowstorm with Kendall, twenty years my junior and unintentionally sexy. We're stuck in very close quarters. With no electricity. And no heat other than what we can generate...

Published in 2002. Routledge in imprint of Taylor & Francis, an informa company.

Reveals the covert agreements that prompted America's decision to switch allegiance from Iran to Saudi Arabia as a dominant Middle-East oil supplier, citing the contributions of key players from Richard Nixon and Henry Kissinger to the Shah and Gerald Ford while explaining how choices in the 1970s set the stage for Iran's Islamic revolution.

Everything you need to know to look after yourself to bring about and maintain perfect health, prosperity, wealth, happiness, quality of life and longevity. It reveals that we are, without realizing, not doing enough or the right things to protect our health and prosperity which is equally extremely damaging to nature, wildlife, oceans, sea-life, fresh springs, waterways and air, and us. The Book by Linde utilises new and ancient knowledge from around the world, over the millennia identifying what changes we need to make to enhance every aspect of our lives with simple solutions for almost every situation. It is your most powerful contribution to protecting, nurturing and saving our planet. In summary, THE BOOK Consists of Six Chapters which incorporates a summary within each one: Lifestyle; Food & Nutrition; Medical Care; Mind; Water; and Now Live the final chapter which you can cast your eye over first as it is a synopsis of the complete works. It is highly recommended to read from cover to cover but, it is packed with valuable information to just use as a Reference Manual on a day to day basis. Teaches you how to look after your body and mind to ultimately prevent illness, but also to help regain and maintain perfect health; Provides countless number of practical, realistic & simple tips to easily adopt into your day to day lifestyle improving quality of life, saving time & money and gaining longevity; Fuses together specialised areas in health & mind, lifestyle & environment under one cover; Identifies our day to day toxic exposures that we are unaware of and provides successful resolutions; Gives you complete fundamental knowledge and awareness, to use your courage to take responsibility for your own enhancing your health, prosperity and happiness; Provides you with ancient knowledge and practices to new, from science including quantum physics, to philosophy, psychology, and important detail on nutrition, exercise, energies and medicine; Is very current, answering all the conflicting hype about diets, the next super food or the bad effects of conventional drugs or sugar that are in the media weekly, even daily. Dispelling Common Leadership Myths - a Practical Guide for Leaders that Reminds Us of the Obvious

From an award-winning Wall Street Journal reporters comes a revelatory look at the inner workings of the world's most powerful royal family, and how the struggle for succession produced Saudi Arabia's charismatic but ruthless Crown Prince Mohammed bin Salman, aka MBS. 35-year-old Mohammed bin Salman's sudden rise stunned the world. Political and business leaders such as former UK prime minister Tony Blair and WME chairman Ari Emanuel flew out to meet with the crown prince and to convince him to reform the kingdom to be sincere. He spoke passionately about bringing women into the workforce and toning down Saudi Arabia's restrictive Islamic law. He lifted the ban on women driving and explored investments in Silicon Valley. But MBS began to betray an erratic interior beneath the polish laid by scores of consultants and public relations experts like McKinsey & Company. The allegations of his extreme brutality and excess began to slip out, including that he ordered the assassination of journalist Jamal Khashoggi. While stamping out dissent by holding 300 people, including prominent members of the Saudi royal family, in the Ritz-Carlton hotel and elsewhere for months, he continued to exhibit his extreme wealth, including buying a \$70 million chateau in Europe and one of the world's most expensive yachts. It seemed that he did not understand nor care about how the outside world would react to his displays of autocratic muscle—what mattered was the flex. Blood and Oil is a gripping work of investigative journalism about one of the world's most decisive and dangerous new leaders. Hope and Scheck show how MBS' precipitous rise coincided with the fraying of the simple bargain that had been at the head of US-Saudi relations for more than 80 years: oil for military protection. Caught in his net are well-known US bankers, Hollywood figures, and politicians, all eager to help the charming and crafty crown prince. The Middle East is already a volatile region. Add to the mix an ambitious prince with extraordinary powers, hunger for lucre, a tight relationship with the White House through President Trump's son in law Jared Kushner, and an apparent willingness to break anything—and anyone—that gets in the way of his vision, and the stakes of his rise are bracing. If his bid fails, Saudi Arabia has the potential to become an unstable failed state and a magnet for Islamic extremists. And if his bid to transform his country succeeds, even in part, it will have reverberations around the world. Longlisted for the Financial Times & McKinsey Business Book of the Year Award

Billionaire oil trader Marc Rich for the first time talks at length about his private life (including his expensive divorce from wife Denise); his invention of the spot oil market which made his fortune and changed the world economy; his lucrative and unpublicized dealings with Ayatollah Khomeini's Iran, Fidel Castro's Cuba, war-ravaged Angola, and apartheid South Africa; his quiet cooperation with the Israeli and U.S. governments (even after he was indicted for tax fraud by Rudy Guilliani) and near-comical attempts by U.S. officials to kidnap him illegally. This sure-to-make-headlines book is the first no-holds-barred biography of Rich, who was famously pardoned by Bill Clinton, and resurfaced in the news during the confirmation hearings of Attorney General Eric Holder. The King of Oil sheds stunning new light on one of the most controversial international businessmen of all time, charting Rich's rise from the Holocaust, which he fled as a young boy, to become the wealthiest and most powerful oil and commodities trader of the century. From his earliest trading days to the present, Marc Rich's story is astonishing and compelling.

The Prize recounts the panoramic history of oil -- and the struggle for wealth power that has always surrounded oil. This struggle has shaken the world economy, dictated the outcome of wars, and transformed the destiny of men and nations. The Prize is as much a history of the twentieth century as of the oil industry itself. The canvas of this history is enormous -- from the drilling of the first well in Pennsylvania through two great world wars to the Iraqi invasion of Kuwait and Operation Desert Storm. The cast extends from wildcatters and rogues to oil tycoons, and from Winston Churchill and Ibn Saud to George Bush and Saddam Hussein. The definitive work on the subject of oil and a major contribution to understanding our century. The Prize is a book of extraordinary breadth, riveting excitement -- and great importance.

The Baseball King. Max C. Weiss' first published book was inspired by this eight-year-old author's entrepreneurial spirit, his love for baseball, and his interest in storytelling. Encouraged by his younger siblings, Max weaves a narrative that explores the bond of friendship and the dedication and sacrifice required to become the best. Illustrated by Max's grandmother.

When restless New York City hedge fund manager Robert Fairchild watches the Baltic Dry Cargo Index plunge 97%, registering an all-time high and a 25-year low in six months, he decides to buy a ship. Part fast-paced thriller, part ship finance text book, The Shipping Man is required reading for anyone interested in capital formation for shipping.

"Managerial styles are influenced by habit, familiarity, and workplace culture. It's no wonder that well-intentioned professionals doing their best to be good organizational leaders often repeat unhelpful supervisory practices experienced in their early careers, even if they disliked them at the time. In the DUH! Book of Management and Supervision, the author disagrees with many accepted leadership principles (unabashedly referring to them as myths) and makes new and different approaches easier to imagine. Her challenging and controversial concepts illustrated with poignant stories suggest common-sense and immediately applicable alternatives more suitable in today's workplace"--Back cover.

Jesus, the King of Glory, came as the expressed image of an invisible God, opened the portals of heaven and established the Kingdom of God in the earth. He brought the glory of the eternal realm the Father had given to him and gave it to all who dared to believe and follow him. He taught Kingdom principles, demonstrated Kingdom power, lived in perfect love, peace, faith, and unity, all in the power of the Holy Spirit. He declared that it was the Father living in him who was doing his work. He challenged us to have faith in him and do what he did and greater because he returned to heaven and poured out his Spirit upon us. This book reveals "Kingdom Secrets," paints the portrait of the 'King of Glory' and sounds the call for us to join him, and his Father in the habitation of his glory. Linda Hornsby grew up in a Christian home in Montgomery, Alabama as a Southern Baptist, and was well grounded in scripture by her mother and father. She was filled with the Holy Spirit in the 1970s and has been on fire for God ever since. Linda ministers at Bible conferences and personally to smaller groups. She is a five-fold minister to River Regions Praise Center, a ministry of The Shepherd's Fold Ministries in Montgomery, Alabama. Linda is anointed in the prophetic gifting and has been placed in the prophetic office by The Shepherd's Fold Ministries. She is an anointed Bible teacher and ministers publicly prophetically as well as words of wisdom and knowledge. She is the complete package as it relates to being a godly woman with a humble servant's heart. She and her husband, Lamar reside in Dothan, Alabama and travel to churches wherever the Lord leads.

An engaging look at the global oil industry and how to navigate the price volatility and new policies associated with it Oil is a constantly changing industry, and with the recent BP oil spill in the Gulf of Mexico, more changes are expected. From extra equipment, higher-cost insurance, and expensive technology to mandatory third-party inspections, costly delays, and shifting investments, analysts say the price tag of regulation will be stiff and not confined to the Gulf. The oil industry affects everyone, and the machinations of a few industry heads, the "Barbarians of Oil," can drastically change the lives of investors and consumers. In Barbarians of Oil author Sandy Franks offers the tips needed to avoid future market dips and dives as well as safeguard your investments and profit in the future. Details the petro-indial grab in Africa, the Bush-Halliburton Era, the Gulf Wars, and the political dangers to the United States in Iran, Iraq, and other oil-rich nations Looks at the BP oil spill in the Gulf of Mexico and the impending long-term effects on investments and policy Explores the evolution of the modern oil industry including major corporations such as ExxonMobile, ConcoPhillips, Chevron, and BP Barbarians of Oil is a timely must read for hard-working Americans concerned with their prosperity, as well as for those fascinated with the inner workings of the oil industry.

Life, liberty, and the pursuit of happiness are prescribed ideals in America of 2050. The Moral Authority, the nation's newest branch of government, has virtually eliminated crime, poverty, and most social ills, but it also rules the land with a tyrannical fist, championing ignorance and brandishing fear. Mark Bryan is a gay man whose existence brands him an outlaw; Isaac Montoya is a charming stranger, who entices Mark to defy moral law; and Samuel Pleasant runs the Moral Authority and plans to punish moral offenders and a rebellious uprising-no matter the cost. Will liberty and justice return for al?

An adventure designed for the 5th Edition Dungeons & Dragons system, but easily adapted to 1st or 2nd editions, or for a system-less story telling setting. May be played with the D&D 5th ed basic rules available for free from Wizards of the Coast. Use this adventure as the starting point for a new campaign, a one-off adventure for new players, or adapt the difficulty and use it in your established campaign! Complete with new magic items (including item cards with images and flavour text) as well as unstandart encounters and designs. - The Dank Cellar- may open your eyes as a Dungeon Master or a player to new opportunities and styles of role-playing; and will definitely give a new spin on some common tropes of the adventuring lifestyle! Features: Unique adventure complete with maps. Several side quests and side encounters for additional play opportunities. Collectible item cards for players. Pre-generated characters with character for fast play or for one-off adventures.

Don't Forget to Write Home is written by Wallace Durham and published by Gary Tavares. It is a compelling and eye-opening urban fiction story. James and his wife Mary were raising three children in Harlem during the turbulent sixties. Things take a turn for the worse when his wife becomes tragically ill. Through a series of negative circumstances, James ends up in an upstate prison. While in prison, he uses the power of writing to communicate with and practically raise his children. Get ready for a super fun time! with The Jolly Postman Colouring Book www.individualitybooks.com Your kids will be immersed in a stress-relieving land of The Jolly Postman Colouring Book designs.
