Spiral of Need

Montlake Romance

Shards of Frost

When had life stopped being so simple? Probably around the time that Casey Frost first agreed to pay off her drug addict brother's debt to save him from a brutal beating. It soon became a "thing." When the dealer--who's also an Alpha shifter--demands she do something that goes against her very being, Casey decides enough is enough. It's while she's confronting the Alpha that he appears--Eli Axton, a ruthless wolf shifter with a dark reputation. When their eyes lock and the mating urge violently kicks in, she knows her world is about to change. The last unmated male in his pack, Eli feels weary and alone. Seeing his friends so happy makes the Head Enforcer acutely feel the absence of his true mate. He wouldn't have expected to find her in the parking lot of a shifter fight club, or for her to be such an unusual breed of shifter. Certain that the female enforcer belongs to him, he doesn't hesitate to claim her. Not everyone is happy to see Casey mated, though. Soon danger is coming at them from different angles, threatening the life they're trying to build. Their enemy needs to be eradicated fast. But how did you destroy an enemy when you weren't sure who they were?

Force of Temptation

Montlake Romance Harley Vincent is resigned to life in the human world. Sure, being a margay shifter is half her nature, but life among humans gives her the freedom to roam and do as she pleases. That is, until anti-shifter extremists target her, putting her life in immediate danger. When an old acquaintance and onetime fling, Jesse Dalton, shows up to offer the protection of his pack, Harley hesitates. She may have feelings for Jesse that go beyond their one-night stand, but life among shifters means giving over her independence to the needs of pack. Plus Mercury Pack has its own threat to face: a rich half-shifter is determined to claim their territory at any cost. Jesse, who lost his true mate as a child, has wanted Harley since their night together, and he's not letting her go again. They may not be destined for each other, but he knows she belongs to him and with his pack. Even if he can convince her to join him now, can he convince her to stay?"

The Sirens of Titan

Malachi Constant, "the richest man in America," gives up his indulgent lifestyle to follow an urgent calling to probe the depths of space. He participates in a Martian invasion of Earth, mates with the wife of an astronaut adrift on the tides of time, and follows the lure of the "Sirens of Titan."

Echoes of Fire

Montlake Romance They may not be made for each other, but animal instincts are impossible to ignore. Madisyn Drake is a rare breed of cat shifter...a loner, unpredictably wild, and emotionally distant. A recent betrayal has left her ready to sharpen her claws on the next man she sees...until a prowling wolf with steel-gray eyes and a brooding dark edge challenges her distrust. No matter how fully he satisfies her touch-hunger, Madisyn's not ready to open up again, even if it is oh so gratifying. Bracken Slater has earned his reputation as an indomitable predator. Once broken by grief and guilt, Brack is feeling alive again, thanks to the heady scent of this independent feline. Convincing her that they're meant for each other is going to take more than branding Madisyn's beautiful neck. She's not interested in joining an unfamiliar pack, much less answering to an alpha. But when threats from both their pasts take shape, their unexpected destiny may be the only thing that can save them.

Tight Spiral

Matador Harry Smith had everything going for him: the first British quarterback in American college football, a star future, and a pretty Texan girl on his arm. But when 'Prince Harry' collides with fate in a near-fatal accident, everything unravels.

Mercury Fur

A&C Black Challenging new play by the enfant terrible of dark, disturbing drama Elliot is panicking. The party that he and his brother Darren have been planning has been brought forward - to tonight. In a lawless, ravaged city, where memories of the past have been brutally erased, the boys and their team survive by realising their clients' darkest fantasies. But just how far are they prepared to go in trading humanity for information? As the light fades and events spiral out of control it becomes clear that on the success of the evening hangs not just their security, but their existence. The world is at its worst...let the party begin. Mercury Fur is a challenging new work containing some explicit scenes that may cause offence. Published to tie-in with the play's premier at the Drum Theatre, Plymouth and The Chocolate Factory, London in February 2005, produced by Paines Plough. "Philip Ridley is a singular writer, a prolific polymath, probably a genius, and the creator of some of the most peculiar, grotesque and compelling British plays (and films) of the last several years" Time Out

A Soldier of the Legion

Prabhat Prakashan "The restless spirit of adventure which prompted the author, Mr George Manington, to enlist in the French Foreign Legion, at a later date called him post haste from London, and thus caused us, his friends, to promise to see the manuscript of "A Soldier of the Legion" through the press. Though well under forty years of age, he had been a student in France and Germany, a prospective doctor in Paris, a soldier in Algeria and Tonquin, a man of commerce in Indo-China, an interpreter, traveller, and journalist in South China, besides a participator in more fleeting occupations in many lands, including Japan and the Philippines. It was in the restful periods between these various enterprises that this book was written." - Preface

Lure of Oblivion

Montlake Romance Gwen Miller may be a human, but she has no problem taking a stand against her own kind. She's going to testify against the teenage boy she saw viciously assault a lone shifter female--and no amount of pressure from the boy's wealthy family will make her back down. But when the harassment turns violent, help comes in the form of a lean, toned wolf with winter-gray eyes. As a guest at Gwen's inn, shifter enforcer Zander Devlin can't help but notice that the fierce and leggy brunette is in serious trouble. Since she's putting herself at risk for one of his kind, keeping her safe is the least he can do. That's not the only reason Zander wants her close. He desires her, even as the wolf inside him backs away from her. But his feral instincts are hard to keep down, and as they take shape, they're harder for Gwen to resist. Then again, embracing them could be the only thing that could save her life.

God's Feminist Movement

Redefining a “Woman's Place” From a Biblical Perspective

Destiny Image Publishers Experience True Liberation by Seeing Your Beauty, Femininity, and Freedom From Heavens Point of View Has Christianity kept women trapped in the stone age? In many ways, yes; but this is not by Gods design. As society offers women opportunities to explore outer-space and govern nations, the church often stifles and limits them. The tide is changing, though. Amber Picotas Gods Feminist Movement is a new covenant manifesto calling women to embrace their true identity in Christ and fulfill their destiny as revolutionaries who shape the course of history with the Kingdom of God. There is a powerful new feminist movement emerging in the body of Christ. Its not politically driven and its not being championed by an uprising of angry man-haters. Based on an intense study of Scripture, factoring in historical and contextual hermeneutics and original languages, Picota shares a practical, non-legalistic, and non-traditional (yet deeply Biblical) look at topics that women commonly face, such as: Dating and Modesty Female Leaders in the Church Submission in Marriage Beauty and Self-Image Celebrate the power and beauty of womanhood. God has given you permission to change the world by being you! Break off religious traditions that keep women trapped in old school legalism and move beyond Christian clichés that minimize a womans true position in Christ!

The Story of Electricity

Simon and Schuster The purpose of this little book is to present the essential facts of electrical science in a popular and interesting way, as befits the scheme of the series to which it belongs. Electrical phenomena have been observed since the first man viewed one of the most spectacular and magnificent of them all in the thunderstorm, but the services of electricity which we enjoy are the product solely of scientific achievement in the nineteenth century. It is to these services that the main part of the following discussion is devoted.

Answered Prayers

Vintage Although Truman Capote's last novel was unfinished at the time of his death, its surviving portions offer a devastating group portrait of the high and low society of his time. "Prose that makes the heart sing and the narrative fly." —The New York Times Book Review Tracing the career of a writer of uncertain parentage and omnivorous erotic tastes, Answered Prayers careens from a louche bar in Tangiers to a banquet at La Côte Basque, from literary salons to high-priced whorehouses. It takes in calculating beauties and sadistic husbands along with such real-life supporting characters as Colette, the Duchess of Windsor, Montgomery Clift, and Tallulah Bankhead. Above all, this malevolently finny book displays Capote at his most relentlessly observant and murderously witty.

A Complicated Legacy

If movies and books like Belle, Twelve Years a Slave, The Butler, The Help, A Time to Kill, and Amistad have moved you, you'll love A Complicated Legacy, a novel by Baltimore writer Robert H. Stucky based on the true story of Elijah Willis, a white South Carolina planter, and Amy- the love of his life, the mother of his children, and his slave. Taking place in the decade leading up to the Civil War, it is written with a cinematic eye for atmosphere and setting, a linguist's ear for dialogue, and a historian's grasp of the powerful social forces and momentous events of the time. It is a riveting tale of personal transformation in facing the tide of sweeping social change. Elijah Willis fought family opposition, public opinion, and the law to free his family of choice and leave them his entire inheritance. In so doing, his and Amy's story becomes a microcosm of the human struggles that made the Civil War and the Abolition of Slavery both necessary and inevitable. Set in rural South Carolina, Baltimore, and Cincinnati, this vivid saga weaves history and humanity in a compelling testimony to the power of relationships to shape our destinies, even a century and a half later.

 richest people per capita in the world were members of the Osage Indian nation in

 unravel the mystery. Together with the Osage he and his undercover team began to

Walking to Mercury

Bantam In The Fifth Sacred Thing, readers fell in love with Maya Greenwood, the 98-
 year-old writer who led Northern California's successful 21st century rebellion
 against a racist, totalitarian regime of the South. *Walking to Mercury* takes readers
 back to the 20th century and powerfully dramatizes the forces that shaped this
 extraordinary woman. The book opens and closes with the middle-aged Maya
 struggling with a profound personal and spiritual crisis. The culminating factor has
 been her mother's death, and now Maya embarks on a trek in the Himalayas,
 intending to sprinkle her mother's ashes at the base of Mt. Everest and finally lay to
 rest her tumultuous past. At rest stops in tiny Tibetan villages, she reads diary pages
 her lover Johanna has tucked into her bag—the diary Johanna kept throughout their
 shared youth during the Vietnam era. In vivid flashbacks to those radical days, we
 accompany the young Maya as she awakens to the summer of love, joins the anti-
 war movement, and enters into a relationship with the abusive, alcoholic Rio. She
 finally gathers the strength to break free and seek her own true path, which takes
 her from the streets of Manhattan to the mountains of Mexico. Eventually she
 emerges, stronger and wiser, infused with the wisdom of the earth and the spirit of
 the goddess. Traveling through the landscape of memories helps Maya reclaim her
 past and foreshadows the miraculous events readers of *The Fifth Sacred Thing* know
 her to be capable of in the future.

The Phases and Skills of a Counseling Session

Special Emphasis on Emotional Exploration

This text is intended for graduate and undergraduate students majoring in counseling, social work, counseling psychology, and human services as well as seasoned therapists. It is designed as a primary textbook for pre-practicum and practicum courses, although it is helpful to therapists at any point in their career. Unlike most existing resources, this guide provides a means to conceptualize an entire counseling session from start to finish and then implement the concept through basic and advanced skills. Its main thrust is to show how and through what means a counseling session develops. It describes the fundamental structure of a session as consisting of four phases-Initial, Early Exploration, Working, and Final. Several features set this text apart from other texts on counseling skills. Not least is the simplicity with which it deconstructs the difficult process of counseling, so that students and therapists can read it, follow its instructions, and feel confident in their

ability to conduct counseling sessions. A key highlight is that the text gives special attention to exploring emotion, because working with emotion presents unique challenges at every phase. In addition, the text covers interventions for specific concerns, such as helping clients resolve internal conflicts. Finally, every phase and skill is reinforced with ample exercises for practice.

The Story of a Young Boy Who Becomes His Adoptive Mothers's Greatest Spiritual Teacher

Createspace Independent Publishing Platform Two years before adopting seven-year-old Keydell from a group home for young boys, Kim made a vow before the Dalai Lama to become a bodhisattva: one who cultivates an enlightened mind, is free from delusion, and practices kindness and compassion above all else. However, she struggles with this practice as her new son's challenged mind sends him into fits of rage and violence, while seemingly allowing him to feel no remorse for his actions. His behaviors go against everything Kim believes in, but she is determined to keep her chocolate-eyed boy safely in the home she has created with her husband and two biological children. As she tries everything she can to get Keydell the help he needs, she must also learn to accept him exactly as he is: a tiger in the home of elephants. This vulnerable and touching account highlights the interplay between desire and reality, denial and acceptance, struggle and enlightenment. As the minds of this mother and her extraordinary son awaken - Kim's through her Buddhist practice, and Keydell's through the science of neurofeedback - we witness the power of love and compassion to overcome even the greatest odds."
