Battle Hymn of the Tiger Teachers **The Michaela Way** John Catt Educational At Michaela Community School, teachers think differently, overturning many of the ideas that have become orthodoxy in education. Here, 20 Michaela teachers explore controversial ideas that improve the lives of pupils from disadvantaged backgrounds. Michaela is blazing a trail, defying many of the received notions about what works best in schools.

English Romantic Verse Penguin UK English Romantic poetry from its beginnings and its flowering to the first signs of its decadence. Nearly all the famous piéces de résistance will be found here - 'Intimations of Immortality', 'The Ancient Mariner', 'The Tyger', excerpts from 'Don Juan' - as well as some less familiar poems. As far as possible the poets are arranged in chronological order, and their poems in order of composition, beginning with eighteenth-century precursors such as Gray, Cowper, Burns and Chatterton. Naturally most space has been given over to the major Romantics - Blake, Wordsworth, Coleridge, Byron, Shelley, Clare and Keats - although their successors, poets such as Beddoes and Poe, are included too, as well as early poems by Tennyson and Browning. In an excellent introduction David Wright discusses the Romantics as a historical phenomenon, and points out their central ideals and themes.

75 Long Answer Questions in GCSE Science Answering six mark questions in your GCSE is much more than just writing down six correct things. There is a skill to answering them that needs to be practiced. Here I have written 25 questions on each subject, given you the answers and guided you through how to answer to get full marks. The more you practice, the more confident you'll be in the exam! Example Question 58 - Renewable and Non-Renewable Energy Sources

In June 2017, for the first time, over 50% of energy in the UK was supplied by renewable energy. The UK government is leading a drive to promote the increased use of renewable energy sources for generating electricity. Evaluate the use of renewable and non-renewable energy sources.

Planning... * Evaluate give good points, bad points your option and justify your opinion* You can use a table for planning* What are the good points (aim for at least 2)?* What are the bad points (aim for at least 2)?* What is your opinion?* Explain why you have that opinion* Don't stress too much about your opinion, the examiner is never going to cross-examine you on this, just make one up
