BLESSED ASSURANCE: A POSTMODERN MIDWESTERN LIFE

Lulu.com In this book, a historian of women's lives turns the lens on her own experience. Her story is ?Midwestern? for its work ethic, modesty, faith, and resilience; ?postmodern? for its sudden changes, strange juxtapositions, and retrospective ?deconstruction of the ideologies that shaped its progress. It describes a life in and out of academia and a search for acceptance, recognition, equality, and freedom. The author of three books on women's experiences in Russia and Europe, Dr. Marcelline Hutton traces her personal journey from traditional working-class La Porte, Indiana, through college, graduate school, marriage, motherhood, divorce, and independence in Iowa City, Southampton, Kansas City, El Paso, and ultimately Lithuania. She arrives at a place of ?blessed assurance, ? recognizing who she was, what she has done, and what she most valued. The book is a testimony of life found and treasured and shared. We are privileged to see her world through this honest, perceptive, and insightful recollection.

BLESSED ARE THE MEEK, THE HUMBLE, AND THE BOLD

MEMOIR OF A REMARKABLE LIFE JOURNEY

iUniverse Elsie Collins is not your normal, everyday college professor in America. In her youth, she started out as Kissia descendent of African slaves, living in Wilsons Mill, North Carolina. Her upbringing brought her face-to-face with racism and discrimination, both subtly and overtly. The lines dividing black and white fascinated young Kissi; as she grew up, she decided to take a deeper look at race relations, nationwide. Blessed Are the Meek, the Humble, and the Bold is the memoir of Dr. Elsie Collins, a woman who spent nearly three-quarters of the twentieth century cutting through the color divide. Although she met with many challenges, Elsie never gave up on goals she had set for herself and her community. She never gave up on building strong relationships across lines of class, race, and culture. Elsie Collins has inspired hundreds on her long journey to personal freedom and success, from small towns in North Carolina to the big city of New York. Through the acquisition of knowledge, friendship, wisdom, she developed the judgment to discern when to be humble and when to be bold. Her story is a snapshot of race relations in America and a commentary on the insignificance of skin color in human relationships and in the search for the meaning of life.

DREAMER WHO'S BEEN EXTREMELY BLESSED

iUniverse Edgar Frances Poree Jr., a lifelong resident of Louisiana, looks back at his struggles, disappointments, and successes in this memoir that examines the African American experience in the South. As a Black male, he dealt with deeply rooted prejudices, religious discrimination, and conflict with older members of the Black community. He constantly faced inner turmoil, but he remained steadfast in his focus to achieve his goals and navigate the transition from segregation to integration. Poree learned to be resourceful early, convincing the owner of a nearby grocery store to give him a job cleaning the store and organizing the shelves. He went on to start his own business polishing hardwood floors while in the seventh grade. His love for music eventually helped him earn a scholarship at Xavier University in New Orleans, and from there he was on his way. From his teaching career to his successes as a business executive and civic leader, Poree shares his memories of real people, real places, and real divisions. His hope is that you'll be emboldened, encouraged and inspired to achieve your own dreams.

HIDDEN BLESSINGS

A BLACK FATHER'S JOURNEY

Xlibris Corporation Cox's story departs from accounts of modern-day, single mothers. In this book he narrates the story of how he became a single father from his marriage, divorce, and how he learned to raise his family without a mother or mother-figure. All the while, he combats low self-esteem, trials and tribulations of life, as well as maturing in his walk with God. He broke me all the way down to have me trust Him in all that I did and all that I thought. In doing this, it brought me closer to Him and to my girls. It wasn't an easy road at all, but I kept faith, the author recounts. This book touches both believers and parents as Cox tells how he was able to rise above all difficulties, become a positive influence for his children, and develop a strong relationship with God all throughout.

MY LIFE: CURSED OR BLESSED?

iUniverse Graduated High School in 1971, three months pregnant. I left my mother's house with my Fiance. The only thing I took with me were the clothes on my back, the things I read in books, the things my Grandmother taught me which mainly involved cooking and cleaning, the Bible quotes and old folks tales my Grandmother used to say over and over, the few things my mother taught me during her brief and few periods of time into my life, and also a very special gift from God, which was the ability to play any musical instrument I chose to play. I thought I was grown and knew everything. What I didn't know was although I was very smart, I was also very naive. I got married in 1972 and had another baby in 1974. I worked for a police department from 1977 to 1985. I was in the Army National Guard from 1979 to 1985. So many unbelievable things happened to me during that time, both good and bad. So many more bad things happened than good that I started to think my life was cursed for some reason. It started to happen so much that finally I did not want to live any longer.

MARTIN LUTHER KING JR., EIGHT WHITE RELIGIOUS LEADERS, AND THE "LETTER FROM BIRMINGHAM JAIL"

LSU Press Martin Luther King Jr.'s "Letter from Birmingham Jail" is arguably the most important written document of the civil rights protest era and a widely read modern literary classic. Personally addressed to eight white Birmingham clergymen who sought to avoid violence by publicly discouraging King's civil rights demonstrations in Birmingham, the nationally published "Letter" captured the essence of the struggle for racial equality and provided a blistering critique of the gradualist approach to racial justice. It soon became part of American folklore, and the image of King penning his epistle from a prison cell remains among the most moving of the era. Yet as S. Jonathan Bass explains in the first comprehensive history of King's "Letter," this image and the piece's literary appeal conceal a much more complex tale.

BLESSINGS FROM THE DUST

RAISING SEVEN CHILDREN FOR SUCCESS IN THE POVERTY-STRICKEN MINING CAMPS OF SOUTHWEST VIRGINIA

Dog Ear Publishing Thomas and Betty Jones grew up in the coal mining camps of southwest Virginia, a dusty, barren place where people had to work hard just to survive. Both their fathers were coal miners, as were many of the early African-American men who came to Wise County from the deep south beginning in the early 1920s. After their marriage they left the area, but fate soon brought them back. A series of difficult, but well thought out decisions led Betty to work underground in the mines for nearly 20 years and Thomas to give up a promising broadcasting career to be a full-time father. They also decided to raise their seven children in the same place they were raised, but in a very specific way. The result was all seven going off to college and their two boys, Thomas Quinn and Julius, becoming running backs in the National Football League. Blessings From the Dust is the story of two determined parents and their struggle to raise their children successfully in the barren and deprived coal mining region of southwest Virginia. It is a saga of family, place, hard work, sacrifice, determination, education and ultimately love. When Thomas and Betty Jones made a conscious decision to raise their growing family in the coal-mining towns of Big Stone Gap and Appalachia they knew they'd have their work cut out for them. That's because their goal was to have all seven children go to college and then make their marks away from Wise County. How they did it and the sacrifices they made - such as Betty working underground in the coal mines for nearly 20 years - is detailed with honesty and candor. Although this is a memoir of one African-American family, it is really an American success story, as well.

Page Publishing, Inc Austin Chad, a disgruntled university student from the minority English (Anglophone) Cameroon considers self-determination of his region through an armed insurrection against the repressive and discriminatory practices of the majority French (Francophone) Cameroon dominated government. Advised against this suicidal move Chad ventures into the USA where through hard work he builds a formidable business economic powerhouse. It is through this vast business enterprise that he plans to counteract and frustrate Cameroon's government's policies of unfettered access to the exploitation of the enormous Anglophone natural resources. Chad's dream of unleashing his arsenal for the uncommon economic transformation of his region seems to be "going south" as events have begun unfolding in Cameroon: a new generation Anglophones is fed up with the injustices and is demanding equity and redress from the government through a peaceful protest. The high-handed response from the government through its trigger-happy military forces will engender widespread mayhem with the Anglophone region becoming the killing fields of Cameroon.
