#### **MASTER SWITCHING ON MIKROTIK - ALL TOPICS IN THE MTCSWE CERTIFICATION EXAM ARE COVERED**

---

Not long time ago, MikroTik has started introducing its switches to the market. After having a long record with MikroTik routers, the demand for MikroTik switches has increased a lot. For this reason, MikroTik made a complete course speaking only about switching. The course name is MikroTik Certified Switching Engineer (MTCSWE). This course has been introduced on the market in the year 2020, so it is a very new course. As switching on MikroTik is a new topic, there are not a lot of resources on the internet to cover all the switching details, that's the reason why I have decided to build up a course to speak about MikroTik Switching in details. So, from 1 side, I cover all switching topics needed to be implemented in a production network and from the other side I make you prepared for the MTCSWE exam. Topics that will be included in this course are:-MTU-VLAN-STP-Link Aggregation-Port Isolation-L2 QOS-L2 Security-PoE-Tools-SwOS. Of course in each of the topic there will be many sub-topics. I hope you will enjoy the book and in case you have any suggestion/advise, you can always contact me on [info@mynetworktraining.com](mailto:info@mynetworktraining.com)

#### THE HAPPINESS PROJECT - SUMMARY

---

Createspace Independent Publishing Platform *The Happiness Project: Or, Why I Spent a Year Trying to Sing in the Morning, Clean My Closets, Fight Right, Read Aristotle, and Generally Have More Fun* by Gretchen Rubin | Summary and Analysis Book Preview: Gretchen Rubin's book begins with the "story behind the story." In "Getting Started," Gretchen shares what sparked the whole idea of a "Happiness Project" to begin with. The idea was rooted in nothing more fateful than a bus ride. It was a typical day and a typical commute when Gretchen caught sight out the bus window of a woman juggling an umbrella, a cell phone, and a child. Not a very extraordinary woman, but someone that Gretchen could see herself in. She was that woman - ordinary, harried, and while not depressed, maybe not the happiest, either. That's when it hit Gretchen - she was happy, but was she happy enough? Was this, an ordinary bus ride with ordinary feelings on an ordinary day really all there was for her in life? She knew she had life good, but could she have it even better? Gretchen decided to find out. A perfectionist and planner, Gretchen got started on her "Happiness Project" by doing some research. She read all the greats - from Plato to Schopenhauer in philosophy; Seligman to Lyubomirsky in religion; Tolstoy to McEwan to even Oprah in literature and pop-culture. She spoke with friends and family and colleagues, all of them a mix of critical and encouraging. This is a summary and analysis of the book and NOT the original book This Book Contains: \* Summary Of The Entire Book \* Chapter By Chapter Breakdown \* Analysis Of The Reading Experience Download Your Copy Today
