This text serves as a brief introduction to the history of art, reflecting new interests and issues, expanding the topic to include Guide to the Literature of Art History 2 ALA Editions "This bibliography supplements the greatest of modern art bibliographies, Etta Arntzen and Robert Rainwater's Guide to the literature of art history (ALA, 1980)"--Preface. Art Market Research A Guide to Methods and Sources, 2d ed. McFarland This book is for art market researchers at all levels. A brief overview of the global art market and its major stakeholders precedes an analysis of the various sales venues (auction, commercial gallery, etc.). Library research skills are reviewed, and advanced methods are explored in a chapter devoted to basic market research. Because the monetary value of artwork cannot be established without reference to the aesthetic qualities and art historical significance of our subject works, two substantial chapters detail the processes involved in researching and documenting the fine and decorative arts, respectively, and provide annotated bibliographies. Methods for assigning values for art objects are explored, and sources of price data, both in print and online, are identified and described in detail. In recent years, art historical scholarship increasingly has addressed issues related to the history of art and its markets: a chapter on resources for the historian of the art market offers a wide range of sources. Finally, provenance and art law are discussed, with particular reference to their relevance to dealers, collectors, artists and other art market stakeholders. Art History, Combined Volume Pearson Higher Ed This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For two-semester courses in Art History, Global Art History, and for Introductory Art courses taught from a historical perspective. ART HISTORY provides students with the most student-friendly, contextual, and inclusive art history survey text on the market. These hallmarks make ART HISTORY the choice for instructors who seek to actively engage their students in the study of art. This new edition of ART HISTORY is the result of a happy and productive collaboration between two scholar-teachers (Marilyn Stokstad and Michael Cothren) who share a common vision that survey courses on the history of art should be filled with as much enjoyment as erudition, and that they should foster an enthusiastic, as well as an educated, public for the visual arts. Like its predecessors, this new edition seeks to balance formal and iconographic analysis with contextual art history in order to craft interpretations that will engage a diverse student population. Throughout the text, the visual arts are treated as part of a larger world, in which geography, politics, religion, economics, philosophy, social life, and the other fine arts are related components of a vibrant and cultural landscape. American Book Publishing Record Cumulative, 1950-1977 An American National Bibliography Forthcoming Books Medieval Enamels and Sculptures from the Keir Collection Catalogue The Western Humanities Instructor's Manual Stories of Art Routledge Stories of Art is James Elkins's intimate history of art. Concise and original, this engaging book is an antidote to the behemoth art history textbooks from which we were all taught. As he demonstrates so persuasively, there can never be one story of art. Cultures have their own stories - about themselves, about other cultures - and to hear them all is one way to hear the multiple stories that art tells. But each of us also has our own story of art, a kind of private art history made up of the pieces we have seen, and loved or hated, the effects they had on us, and the connections that might be drawn among them. Elkins opens up the questions that traditional art history usually avoids. What about all the art not produced in Western Europe or in the Europeanized Americas? Is it possible to include Asian art and Indian art in 'the story?' What happens when one does? To help us find answers, he uses both Western and non-Western artworks, tables of contents from art histories written in cultures outside the centre of Western European tradition, and strangely wonderful diagrams of how artworks might connect through a single individual. True multiculturalism may be an impossibility, but art lovers can each create a 'story of art' that is right for themselves. Medieval Art Second Edition Routledge This beautifully produced survey of over a thousand years of Western art and architecture introduces the reader to a vast period of history ranging from ancient Rome to the age of exploration. The monumental arts and the diverse minor arts of the Middle Ages are presented here within the social, religious, and political frameworks of lands as varied as France and Denmark, Spain and Turkey. Marilyn Stokstad also teaches her reader how to look at medieval art-which aspects of architecture, sculpture, or painting are important and for what reasons. Stylistic and iconographic issues and themes are thoroughly addressed with attention paid to aesthetic and social contexts. The Pilgrim's Guide: The text : annotated English translation Harvey Miller Pub This volume presents a fresh interpretation of the origins of the Guide, its dissemination and its reception over six centuries, based on a new analysis of the twelve extant manuscripts and a collation of the variants. The authors introduce their detailed Catalogue of Manuscripts with a full discussion on the origins, patronage, authorship and production of the manuscripts. And to accompany the Catalogue, there is also a body of illustrations in which a selection of the significant pages from each extant copy is reproduced. II. The Text This en regard editio offers a new English translation of the Latin Text of probably the earliest surviving copy of the Guide - the Codex Calixtinus in the Archivo de la Catedral de Santiago de Compostela. Extensive annotations of both the Latin and English texts collate this manuscript with the other eleven extant copies. All aspects of the contents of the text are commented on - saints, relics, buildings, place-names, language, costumes, customs, history and art. More detailed discussions on the monuments are cross-referenced to the entries and illustrations in the companion volume, the GAZETTEER. Also included here is an exhaustive Bibliography, and a Map of the routes. This volume presents a fresh interpretation of the origins of the Pilgrim's Guide, its dissemination and its reception over six centuries, based on a new analysis of the twelve extant manuscripts and a collation of the variants. The Pilgrim's Guide A Critical Edition Culture and Society in Medieval Galicia A Cultural Crossroads at the Edge of Europe BRILL In Culture and Society in Medieval Galicia, twenty-three international authors examine art, religion, literature, and politics to chart Galicia's changing place in Iberia, Europe, and the Mediterranean and Atlantic worlds from late antiquity through the thirteenth century. American Book Publishing Record The Publishers' Trade List Annual Art Information Research Methods and Resources Dubuque, Iowa : Kendall/Hunt Publishing Company Pilgrimage in the Middle Ages A Research Guide Taylor & Francis A 200-page introduction to pilgrimage in the Middle Ages and its study, is followed by a thoroughly annotated bibliography of over 1000 primary and secondary, scholarly and popular, works on such aspects of the subject as the medieval concept of pilgrimage, specific sites, and its manifestation in literature, music, art, architecture, and political and religious history. Each topical section notes important primary sources and key scholarly works that provide an opening for research. Focuses on the period from the 4th century to the Renaissance, but also notes works describing pre-Christian and 20th-century pilgrimages. Includes an outline for beginning scholars. No index.
