REPLICA

HarperCollins **A New York Times bestseller! Two girls, two stories, one epic novel. From Lauren Oliver, New York Times bestselling author of *Before I Fall* and the Delirium trilogy, comes an epic, masterful novel that explores issues of individuality, identity, and humanity. *Replica* is a "flip book" that contains two narratives in one, and it is the first in a duology. Turn the book one way and read Lyra's story; turn the book over and upside down and read Gemma's story. The stories can be read separately, one after the other, or in alternating chapters. The two distinct parts of this astonishing novel combine to produce an unforgettable journey. Even the innovative book jacket mirrors and extends the reading experience. Lyra's story begins in the Haven Institute, a building tucked away on a private island off the coast of Florida that from a distance looks serene and even beautiful. But up close the locked doors, military guards, and biohazard suits tell a different story. In truth, Haven is a clandestine research facility where thousands of replicas, or human models, are born, raised, and observed. When a surprise attack is launched on Haven, two of its young experimental subjects—Lyra, or 24, and the boy known only as 72—manage to escape. Gemma has been in and out of hospitals for as long as she can remember. A lonely teen, her life is circumscribed by home, school, and her best friend, April. But after she is nearly abducted by a stranger claiming to know her, Gemma starts to investigate her family's past and discovers her father's mysterious connection to the secretive Haven research facility. Hungry for answers, she travels to Florida, only to stumble upon two replicas and a completely new set of questions. While the stories of Lyra and Gemma mirror each other, each contains breathtaking revelations critically important to the other story. *Replica* is an ambitious, thought-provoking masterwork.**

Originally published as digital novellas, Hana, Annabel, and Raven each center around a fascinating and complex character who adds important information to the series and gives it greater depth. This collection also includes an excerpt from *Requiem*, the final novel in Oliver's New York Times bestselling series. Hana is told through the perspective of Lena's best friend, Hana Tate. Set during the tumultuous summer before Lena and Hana are supposed to be cured, this story is a poignant and revealing look at a moment when the girls' paths diverge and their futures are**

altered forever. Lena's mother, Annabel, has always been a mystery—a ghost from Lena's past—until now. Her journey from teenage runaway to prisoner of the state is a taut, gripping narrative that expands the Delirium world and illuminates events—and Lena—through a new point of view. And as the passionate, fierce leader of a rebel group in the Wilds, Raven plays an integral role in the resistance effort and comes into Lena's life at a crucial time. THE LAUREN OLIVER COLLECTION

BEFORE I FALL, PANIC, VANISHING GIRLS

HarperCollins From Lauren Oliver, New York Times bestselling author of the *Delirium* trilogy, comes a collection of three outstanding standalone teen novels. *Before I Fall*: With this stunning debut novel, Lauren Oliver emerged as one of today's foremost authors of young adult fiction. After she dies in a car crash, Samantha relives the day of her death seven times, trying desperately to change the outcome, until she discovers that the way to save herself might be to save someone else. Named to numerous state reading lists, this novel was also recognized as a Best Book of the Year by *The Daily Beast*, NPR, and *Publishers Weekly*, among others. *Panic*: In this contemporary teen novel, a group of teens enters a high-stakes game with the hope of winning a chance at a better life. This is an extraordinary story of fear, friendship, courage, and hope that *Kirkus Reviews* says "will have readers up until the wee hours," E. Lockhart, author of *We Were Liars*, calls this novel "a thrill a minute." *Vanishing Girls*: Lauren Oliver's latest novel delivers a gripping story about two sisters inexorably altered by a terrible accident. Dara and Nick used to be inseparable, but that was before the accident that left Dara's beautiful face scarred and the two sisters totally estranged. When Dara vanishes on her birthday, Nick thinks Dara is just playing around. But another girl has vanished, too, and Nick becomes increasingly convinced that the two disappearances are linked.

RAVEN

Harper Collins This captivating 50-page digital-original story set in the world of Lauren Oliver's New York Times bestselling *Delirium* series focuses on Raven, the fiery leader of a rebel group in the Wilds. As a teenager, Raven made the split-second decision to flee across the border to the Wilds, compelled to save an abandoned newborn—a baby girl left for dead and already blue from the cold. When she and the baby are taken in by a band of rebels, Raven finds herself an outsider within a tight-knit group. The only other newcomer is an untrustworthy boy known as the Thief until he finally earns himself a new name: Tack. Now she and Tack are inseparable, committed to each other, the fledgling rebellion, and a future together. But as they both take center stage in the fight, Raven must decide whether the dangers of the revolution are worth risking her dreams of a peaceful life with Tack. As her story hurtles back and forth between past and present, Raven transforms from a scared girl newly arrived in the Wilds to the tough leader who helps Lena save former *Deliria-Free* poster boy Julian Fineman from a death sentence. Whatever the original mission may have been, Raven abides by a conviction that she believes to her core: You always return for the people you love. By turns surprising, revelatory, and poignant, Raven's story enriches the *Delirium* world and resonates with a voice that is as vulnerable as it is strong.

RINGER

HarperCollins Like its ambitious companion novel, *Replica*, this far-reaching novel by the powerhouse author of *Before I Fall* and the *Delirium* trilogy digs deep into questions of how to be a human being in a world where humanity cannot be taken for granted. In the world outside of the Haven Institute, Lyra and Caelum are finding it hard to be human—and Lyra, infected at Haven with a terrible disease, finds her symptoms are growing worse. When Caelum leaves without

warning, Lyra follows him, seeking a pioneering organization in Philadelphia that might have a cure. But what they uncover there is a shocking connection to their past, even as their future seems in danger of collapsing. Though Gemma just wants to go back to her normal life after Haven, she soon learns that her powerful father has other plans for the replicas—unless she and her boyfriend Pete can stop him. But they soon learn that they aren't safe either. The Haven Institute wasn't destroyed after all, and now Gemma is the one behind the walls. Bestselling author Lauren Oliver brings the Replica duology to a shocking close in *Ringer*, but like both Gemma and Lyra, you won't be able to leave the world of Haven behind after you've turned the last page.

CURIOSITY HOUSE
