These problems are representative of the diverse areas presented in the competition and designed with three principles in mind: · To challenge the student analytically, without requiring any explicit knowledge or experience in linguistics or computer science; · To expose the student to the different kinds of reasoning required when encountering a new phenomenon in a language, both as a theoretical topic and as an applied problem; · To foster the natural curiosity students have about the workings of their own language, as well as to introduce them to the beauty and structure of other languages; · To learn about the models and techniques used by computers to understand human language. Aside from being a fun intellectual challenge, the Olympiad mimics the skills used by researchers and scholars in the field of computational linguistics. In an increasingly global economy where businesses operate across borders and languages, having a strong pool of computational linguists is a competitive advantage, and an important component to both security and growth in the 21st century. This collection of problems is a wonderful general introduction to the field of linguistics through the analytic problem solving technique. "A fantastic collection of problems for anyone who is curious about how human language works! These books take serious scientific questions and present them in a fun, accessible way. Readers exercise their logical thinking capabilities while learning about a wide range of human languages, linguistic phenomena, and computational models. Women, Law, and the Legal Profession University of Ottawa Press Unique in both scope and perspective, *Calling for Change* investigates the status of women within the Canadian legal profession ten years after the first national report on the subject was published by the Canadian Bar Association. Elizabeth Sheehy and Sheila McIntyre bring together essays that investigate a wide range of topics, from the status of women in law schools, the practising bar, and on the bench, to women's grassroots engagement with law and with female lawyers from the frontlines. Contributors not only reflect critically on the gains, losses, and barriers to change of the past decade, but also provide blueprints for political action. Academics, community activists, practitioners, law students, women litigants, and law society benchers and staff explore how egalitarian change is occurring and/or being impeded in their particular contexts. Each of these unique voices offers lessons from their individual, collective, and institutional efforts to confront and counter the interrelated forms of systemic inequality that compromise women's access to education and employment equity within legal institutions and, ultimately, to equal justice in Canada.

The Shamrock Student Lawyer Make It Your Own Law Firm The Ultimate Law Student'S Guide to Owning, Managing, and Marketing Your Own Successful Law Firm AuthorHouse In "Make It Your Own Law Firm: The Ultimate Law Student's Guide to Owning, Managing, and Marketing Your Own Successful Law Firm" Spencer Aronfeld writes a personal and revealing account on how to start your own law firm. Whether you are in law school, recently graduated or a practicing attorney thinking of establishing your own law firm, this book provides a step-by-step road map. Aronfeld started his own law practice upon graduation from law school. He provides practical advice that will enable anyone with a deep passion to practice law to become the lawyer that they always wanted to be. Here is what lawyers are saying: "Whether you have ever considered starting your own firm or simply want to improve your practice at your existing firm (whether big or small), I urge you to purchase the book *Make It Your Own Law Firm* by Spencer Aronfeld, a trial attorney in Miami, Florida. I recommend you buy it not so much for the helpful advice he gives on how to develop your practice (and theres plenty of that) but more for the writing. What Spencer does, which few non-fiction writers can do, is to move you emotionally. He tells stories and puts you in the middle of them with him and makes you feel what he did. It is a unique and valuable gift for a lawyer, because ultimately we are story-tellers and we are tasked not only to affect the jurors minds but also to touch their hearts. Spencers writing style demonstrates he is the consummate story-teller and his diction and cadence and style are worth emulating. So, buy the book. Yes, it has great practice tips. But buy it because you will see what great writing is about. Clear, direct, moving and effective. Keep writing Spencer." Frank Ramos, Esquire
