IN TOO DEEP

BOOK ONE OF THE LOOKING GLASS TRILOGY

Penguin New York Times bestselling author Jayne Ann Krentz presents the first novel in an Arcane Society trilogy set in a secluded coastal town in Northern California—a mysterious place where danger and passion run deep... Scargill Cove is the perfect place for Fallon Jones, confirmed recluse and investigator of the paranormal. It's a hot spot, a convergence point for unusually strong currents of energy, which might explain why the town attracts misfits and drifters like moths to a flame. Now someone else has been drawn to the Cove—Isabella Valdez, on the run from some very dangerous men. When she starts work as Fallon's assistant, Isabella impresses him by organizing his pathologically chaotic office—and doesn't bat an eye at the psychic aspect of his job. She's a kindred spirit, a sanctuary from a world that considers his talents a form of madness. But after a routine case unearths an antique clock infused with dark energy, Fallon and Isabella are dragged into the secret history of Scargill Cove and forced to fight for their lives, as they unravel a cutthroat conspiracy with roots in the Jones family business...and Isabella's family tree.

PHANTOM GAME

Hachette UK Two predators collide with unbridled passion in this intoxicating GhostWalker novel from No.1 New York Times bestselling author Christine Feehan. Jonas 'Smoke' Harper has watched his brothers find their perfect mates, never imagining he'd actually meet someone who complements every part of him-even the monster that lurks within. But his instant connection with Camellia goes far beyond wanting the intelligent, beautiful, and lethal woman in his bed. They are two parts of a whole, linked to each other and to a larger network that exists everywhere around them. Camellia has lived on her own for a long time, relying on her unique psychic abilities to keep her safe. She knows that Jonas was literally made for her, and that makes their addictive connection more dangerous than a thousand enhanced super soldiers. Once the larger threat looming over them is dealt with she's going to get far away as fast as she can. Life has taught her that the only one she can truly trust is herself. Jonas can sense Camellia is going to run-and the hunter inside doesn't want to let go. Not when he knows how good they'll be together. So he'll just have to use all of his considerable skills to convince her to stay.... Praise for Christine Feehan: 'After Bram Stoker, Anne Rice and Joss Whedon, Christine Feehan is the person most credited with popularizing the neck gripper' Time 'Feehan has a knack for bringing vampiric Carpathians to vivid, virile life in her Dark Carpathian novels' Publishers Weekly 'The erotic, gripping series that's defined an entire genre! Must reading that always satisfies!' J.R. Ward
