Against the Grain

MAD Artist Wallace Wood

TwoMorrows Publishing **Bhob Stewart's long-awaited Against the Grain: Mad Artist Wallace Wood is the definitive book ever produced on the career of one of science fiction and comics' finest artists. In addition to a remarkable memoir of life at the Wood Studio, former Wood associate Bhob Stewart**

also provides a biographical portrait, tracing Wood's life from Minnesota to Manhattan while exploring the humorous spirit, dark detours, and psychological twists of a gifted maverick who often went against the grain. From childhood drawings and ambitious teenage samples to an endless parade of pages for a variety of publishers - Avon, EC, Fox, Marvel, Warren, and more - plus illustrations for Galaxy Science Fiction, this is the most stunning display of Wood art ever assembled. Many of the artists and writers who knew Wood personally have also contributed articles and essays, making this book a huge compendium of imaginative art, insights and critical commentary. Bill Pearson, executor of the Wood Estate, has made available rare drawings directly from Wood's own files, while noted art collector Roger Hill, an authority on artists of the EC era, provides a wealth of obscure, previously unpublished Wood drawings and paintings.

DISNEY's Darkwing Duck: The Definitively Dangerous Edition

Joe Books Ltd Mild-mannered Drake Mallard leads a pretty average life: relaxing at home, helping his daughter Gosalyn with her homework, and palling around with his best buddy Launchpad McQuack. But this suburban pastoral doesn't make for very exciting comics. Good thing Drake is secretly the daring duck of mystery, the crime-fighting powerhouse, Darkwing Duck! (Whew, for a moment there we were worried this would be the most boring solicitation copy in history!) Darkwing Duck, alongside Launchpad, Gosalyn and their many allies, fought the forces of darkness in his beloved city of St. Canard for years, keeping the citizens safe from an endless supply of increasingly ridiculous supervillains. Then, just as suddenly as he appeared, Darkwing slipped into the shadows, not to be seen or heard from again. But what sinister scenario could send St. Canard's stalwart sentinel into seclusion? Just how safe was the city he left behind? And what's going on with the creepy robotic "protectors" the mysterious Quackwerks Corporation has rolled out to take Darkwing's place? When the utopian shine begins to wear off, St. Canard will need her superhero once again... but is the Duck Knight ready to take on his most malevolent menace yet? Collecting the entire out-of-print and sold-out comic book series for the first time in one volume, this 400-page blockbuster is big enough to knock out a burglar! (Although we ask you leave crimefighting to the professionals!) Completely remastered and revised, this titanic tome also features an all new epilogue, making it without a doubt, "The Definitively Dangerous Edition!" He is the terror that flaps in the night! He is the creased binding in this over 400-page keepsake edition of crime - he is Darkwing Duck!

Toy Story Films, The (Foreword by Hayao Miyazaki / Afterword by John Lasseter)

An Animated Journey

Disney Editions Imagination. It's an innate quality that every child seems to possess in immeasurable quantities. Imagination allows children to create wonderful worlds in which to relate to their friends, envision their futures, and, of course, play with their toys. More often than not, imagination is a quality that diminishes with age, as fantasy worlds are replaced by "the real world" and inquiring young minds are forced to grow up. But there are those among us, who, like Peter Pan and the Lost Boys, never stop using their imaginations, envisioning their futures, and, most importantly in this context, playing with their toys. A select group of these individuals—and their unfettered imaginations—are the reason that the Toy Story films came to be. The Toy Story Films: An Animated Journey tells the tale of the incredibly talented visionaries who conceived, developed, and ultimately shared Woody, Buzz, and the rest of Andy's toys with the entire world. Their story is recounted within these pages through candid interviews with the animators, directors, and voice actors who brought the films to life; artwork that inspired, grew into, or became a part of the iconic movies; and untold details of the growth and development of one of the most lucrative and artistically significant film series ever. It serves as a lesson to us all that we are never too old to use our imagination—and play with our toys.
