FOOTBALL: THE FIRST HUNDRED YEARS

THE UNTOLD STORY

[Routledge](#) The story of the creation of Britain's national game has often been told. According to the accepted wisdom, the refined football games created by English public schools in the 1860s subsequently became the sports of the masses. Football, The First Hundred Years, provides a revisionist history of the game, challenging previously widely-accepted beliefs. Harvey argues that established football history does not correspond with the facts. Football, as played by the 'masses' prior to the adoption of the public school codes is almost always portrayed as wild and barbaric. This view may require considerable modification in the light of Harvey's research. Football's First One Hundred Years provides a very detailed picture of the football played outside the confines of the public schools, revealing a culture that was every bit as sophisticated and influential as that found within their prestigious walls. Football, The First Hundred Years sets forth a completely revisionist thesis, offering a different perspective on almost every aspect of the established history of the formative years of the game. The book will be of great interest to sports historians and football enthusiasts alike.

MEIN KAMPF (ENGLISH)

MY STRUGGLE

In Mein Kampf, Hitler used the main thesis of "the Jewish peril", which posits a Jewish conspiracy to gain world leadership. The narrative describes the process by which he became increasingly antisemitic and militaristic, especially during his years in Vienna. He speaks of not having met a Jew until he arrived in Vienna, and that at first his attitude was liberal and tolerant. When he first encountered the anti-semitic press, he says, he dismissed it as unworthy of serious consideration. Later he accepted the same anti-semitic views, which became crucial in his program of national reconstruction of Germany. Mein Kampf has also been studied as a work on political theory. For example, Hitler announces his hatred of what he believed to be the world's two evils: Communism and Judaism. During his

work, Hitler blamed Germany's chief woes on the parliament of the Weimar Republic, the Jews, and Social Democrats, as well as Marxists, though he believed that Marxists, Social Democrats, and the parliament were all working for Jewish interests. He announced that he wanted to completely destroy the parliamentary system, believing it to be corrupt in principle, as those who reach power are inherent opportunists.

SOCIAL, CASUAL AND MOBILE GAMES

THE CHANGING GAMING LANDSCAPE

Bloomsbury Publishing USA This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com. Social, casual and mobile games, played on devices such as smartphones, tablets, or PCs and accessed through online social networks, have become extremely popular, and are changing the ways in which games are designed, understood, and played. These games have sparked a revolution as more people from a broader demographic than ever play games, shifting the stereotype of gaming away from that of hardcore, dedicated play to that of activities that fit into everyday life. Social, Casual and Mobile Games explores the rapidly changing gaming landscape and discusses the ludic, methodological, theoretical, economic, social and cultural challenges that these changes invoke. With chapters discussing locative games, the new freemium economic model, and gamer demographics, as well as close studies of specific games (including Candy Crush Saga, Angry Birds, and Ingress), this collection offers an insight into the changing nature of games and the impact that mobile media is having upon individuals and societies around the world.

HOMOSEXUALITY AND ITALIAN CINEMA

FROM THE FALL OF FASCISM TO THE YEARS OF LEAD

Springer This book is the first to establish the relevance of same-sex desires, pleasures and anxieties in the cinema of post-war Italy. It explores cinematic representations of homosexuality and their significance in a wider cultural struggle in Italy involving society, cinema, and sexuality between the 1940s and 1970s. Besides tracing the evolution of representations through both art and popular films, this book also analyses connections with consumer culture, film criticism and politics. Giori uncovers how complicated negotiations between challenges to and valorization of dominant forms of knowledge of homosexuality shaped representations and argues that they were not always the outcome of hatred but also sought to convey unmentionable pleasures and complicities. Through archival research and a survey of more than 600 films, the author enriches our understanding of thirty years of Italian film and cultural history.

PROCEEDINGS OF THE SECOND ITALIAN CONFERENCE ON COMPUTATIONAL LINGUISTICS CLIC-IT 2015

CLic-it 2015 is held in Trento on December 3-4 2015, hosted and locally organized by Fondazione Bruno Kessler (FBK), one the most important Italian research centers for what concerns CL. The organization of the conference is the result of a fruitful conjoint effort of different research groups (Università di Torino, Università di Roma Tor Vergata and FBK) showing the nationwide spreading of CL in Italy. As in the first edition, the main aim of the event is at establishing a reference forum on CL, covering all the aspects needed to describe the multi-faceted and cross-disciplinary reality of the involved research topics and of the Italian community working in this area. Indeed the spirit of CLic-it is inclusive, in order to build a scenario as much as possible comprehensive of the complexity of language phenomena and approaches to address them, bringing together researchers and scholars with different competences and skills and working on different aspects according to different perspectives. The large number of researchers that have decided to present their work at CLic-it and the number of directions here investigated are proof of the maturity of our community and a promising indication of its vitality. We received a total of 64 paper submissions, out of which 52 have been accepted to appear in the Conference Proceedings, which are available online and on the OpenEdition platform. Overall, we collected 129 authors from 15 countries.

CORTO MALTESE: BALLAD OF THE SALTY SEA

Corto Maltese Celebrate this milestone in the history of graphic novels, winner of the world's first-ever "Best Graphic Novel" award, taking the prize in 1976 at the Angoulême Festival. Originally serialized beginning in 1967, this book is universally acknowledged as Hugo Pratt's masterpiece, in which he introduces Corto Maltese to the world. Corto is but one of a strong ensemble cast of characters whose lives permeate the entire 12-book series. It is here that we also meet the young and beautiful Pandora, her brother Cain, the mysterious criminal mastermind Monk, the grim and ferocious Rasputin, Lieutenant Slutter of the German Navy, and the natives Skull and Tarao. The Ballad of the Salty Sea is also hailed as the first example of the literary comic strip. Pratt was inspired by Conrad, Stevenson, and London, but even more directly by Henry de Vere Stacpool's Blue Lagoon, from which the author got the idea of a small island in the Pacific which he named "Escondida." The action begins in November 1913 in the South Seas as feelings of the Great War were already looming but the romantic ideals of the nineteenth century were still alive. The pace of the narrative and the drawings are very modern and Pratt permeates the adventure with an extraordinary atmosphere of the great outdoors. The story captures the imagination of the reader from the opening pages with a tight, compelling storyline that can be interpreted on different levels. This EuroComics edition features new translations from Pratt's original Italian scripts by Dean Mullaney, the Eisner and Harvey Award-winning editor of the Library of American Comics, and Simone Castaldi, Associate Professor of Romance Languages and Literatures at Hofstra, and the author of Drawn and Dangerous: Italian Comics of the 1970s and 1980s (University Press of Mississippi).
