## Gandhi

### The Man, His People, and the Empire

**Univ of California Press** *The author, the grandson of Mohandas Gandhi, describes the life of the Indian leader as well as the history of India during Gandhi's time.*

### Opening Doors

### The Untold Story of Cornelia Sorabji, Reformer, Lawyer and Champion of Women's Rights in India

**Penguin Books India** *Cornelia Sorabji was the first Indian female lawyer. She was "original and often outspoken in her views - for example in her criticism of Gandhi and her surprising friendship with Katherine Mayo". Cornelia was "a passionate advocate of women's rights whose own career was nearly compromised through her relationship with a married man". -- Book jacket.*

## Mohandas

### A True Story of a Man, His People, and an Empire

**Penguin Books India** *A More Heroic Tale Has Yet To Be Told . . . [Mohandas] Is Meticulously Researched, Written In Felicitous Prose And Is A Delight To Read Khushwant Singh, Outlook A Candid Recreation Of One Of The Most Influential Lives Of Recent Times, Mohandas Finally Answers Questions Long Asked About The Timid Youth From India S West Coast Who Became A Century S Conscience And Led His Nation To Liberty: What Was Gandhi Like In His Daily Life And In His Closest Relationships? ### Gandhi and Leadership

### New Horizons in Exemplary Leadership

**Springer** *In Gandhi and Leadership, Professor Dhiman explores the moral and spiritual philosophical foundations and context of Gandhi's approach to leadership. The book focuses on seven Gandhian values that are most relevant in the contemporary workplace.*

### Kasturba Gandhi: The Silent Sufferer

**Notion Press** *Kasturba Gandhi, the wife of Mahatma Gandhi silently endured the gradual deterioration of her four sons because of the lack of proper formal education which was denied to them by the peremptory regimentation of their illustrious father. Harilal, the eldest protested more vociferously while the three younger brothers followed the dictates of the patriarch more tamely. The four sons were active-passive resisters in their own rights. But they received almost no approbation from their father while there were words of charity for others similarly situated. The Saint ordained the pursuit of a life of poverty and self-denial. Kasturba translated and implemented these disciplines in her personal life. But could it be expected that an ambitious mother would agree to a course of similar life for her sons? This book is a simple effort to probe into these questions with regard to Kasturba Gandhi: the Silent Sufferer.*

### Development and Faith

### Where Mind, Heart, and Soul Work Together

**World Bank Publications** *Publisher's description: The faith and development nexus is both a promising new focus for secular development agencies and a historic reality: for centuries, world faiths and individuals inspired by their faith have played many roles in social change and social welfare. Secular development agencies have largely operated in parallel to the world of faith-motivated development. The World Bank began in the late 1990s to explore ways in which faith and development are connected. The issue was not and is not about religion, but about the recognition that some of &... Show Morethe best experts on development are faith leaders living and working in poor communities, where strong ties and moral authority give them unique experience and insight. The World Bank's goal is to act as a catalyst and convenor, bringing together development practitioners to find common ground, understand one another's efforts, and explore differences. Development and Faith explores and highlights promising partnerships in the world between secular and faith development entities. It recounts the evolving history of relationships between faith and secular development institutions. It*

focuses on the Millennium Development Goals as a common framework for action and an opportunity for new forms of collaboration and partnership.

## Pratiyogita Darpan

*Pratiyogita Darpan* (monthly magazine) is India's largest read General Knowledge and Current Affairs Magazine. *Pratiyogita Darpan* (English monthly magazine) is known for quality content on General Knowledge and Current Affairs. ## Revenge and Reconciliation

## Understanding South Asian History

**Penguin UK** *An original, provocative and compelling reading of the subcontinent's history In this remarkable study, well-known biographer Rajmohan Gandhi, underscoring the prominence in the Mahabharata of the revenge impulse, follows its trajectory in South Asian history. Side by side, he traces the role played by reconcilers up to present times, like the Buddha, Mahavira and Asoka. Encompassing myth and historical fact, the author moves from the circumstances of Drona's death and Parasurama's slaying of the Kshatriyas to the burst of Islam in India and Akbar's success in gaining acceptance for it, the executions of Guru Arjan Dev and Guru Tegh Bahadur, and Shivaji's achievement of self-rule. His explanation of the 1947 division of India identifies the role of the 1857 Rebellion in shaping Gandhi's thinking and strategy, and reflects on the wounds of Partition. The survey of post-Independence India, Pakistan, Bangladesh and Sri Lanka also touches upon the tragic bereavements of six of their women leaders. Incisive and finely argued, Revenge and Reconciliation compels us to confront historical and contemporary realities of intolerance, while pointing to possible strategies of mutual accommodation in India and the rest of South Asia at the threshold of the twenty-first century.*

## Terrorism, the Origin and the Sources

## An Anthology of Poetry Ambigrams and Political Oratories

**Trafford Publishing** *Designed to instill deeper thought and reflection, "Terrorism, the Origin and the Sources" presents a collection of fables, poetry, short stories, essays, scientific papers, and letters written to world leaders. Through these literary forms, author Dr. M.T. Al-Mansouri communicates his opinions on a wide variety of world affairs and issues. "Terrorism, the Origin and the Sources" offers intellectual thought that depicts the hidden demission of the repressive regimes of the world, their ideologies, political dogmas, myths, and the limited immunity powers. This collection also addresses an eclectic array of topics of interest in the world today: political proclivities, terrorism, prejudice, injustice, multiculturalism, war and peace, nationalization, marriage and family, and love and beauty. Through the commentary, musings, and writings in "Terrorism, the Origin and the Sources," Al-Mansouri seeks to uncover the truth, after which freedom, justice, and peace will follow.*

## Slavery Past, Present and Future

**BRILL**

## Darkness Everywhere

## The Assassination of Mohandas Gandhi

**Twenty-First Century Books** *On January 30, 1948, Mohandas Gandhi, the world's most revered champion of nonviolent civil disobedience, was murdered in cold blood by a man he'd never met. Gandhi was legendary?in his native India and around the globe?as the Mahatma, a "great soul." So why did Nathuram Godse, an ardent Hindu nationalist, murder him? Darkness Everywhere traces the remarkable journey of one of the twentieth century's most unconventional warriors?and his assassins?to their fateful encounter in Delhi. This is a story of Gandhi's great achievements, the enemies who brought him down, and the legacy that continues to inspire the fight for freedom and justice around the world.*

## Gandhi: An Illustrated Biography

**Roli Books Private Limited** *His life and ideals remain an inspiration across the world but in reality, it was the complexity of his character that made Mohandas Karamchand Gandhi such a fascinating subject. Yet, much of the finer details of his life and intellectual growth has been obscured by the greatness of his achievements. To bring them all together in this illustrated biography is to bring alive one of the most revered figures in modern Indian history and in a way that is a departure from earlier works. Gandhi: An Illustrated Biography is an intimate study into the evolution of a mischievous, fun-loving boy, into the Mahatma. From his schooling and early marriage in Kathiawar to his first brushes with the grandeur of London; from his chance employment for a legal case in South Africa to a train ride in Pietermaritzburg that led to his first fight for equality; from a relatively unsuccessful lawyer to a globally celebrated crusader for human rights - Gandhi was that rare rebel who redefined the meaning of mass resistance for generations to come. This book is the result of intensive research and tracks Gandhi's life through photographs sourced from across the world. The chronological text and accompanying photographs bring out his unique complexities - his failures and successes, the intimate relations he shared with his contemporaries and the difficult one he shared with his own family. This book is a labour of love and an attempt to portray Gandhi's methods and his message for a new generation of readers.*

## Mahatma Gandhi in Cinema

**Cambridge Scholars Publishing** *This book analyses 100 years of Hindi cinema, India's principal film industry, to explore how much space it has given to Mahatma Gandhi, the most prominent leader of the Indian struggle for freedom, and his principles. It compares films on Gandhi with the written literature on him, and juxtaposes the celluloid Gandhi with the man who walked on the earth 'ever in flesh and blood'. From his childhood through his legal practice in South Africa to his non-violent struggle against the British Empire in India, the book covers all major events of his life and their portrayal on the silver screen.*

## History of Indian Nation : Post-Independence India

**K.K. Publications** *History of Indian Nation India, the cradle for one of the most ancient civilizations in the world, has a long and rich history, spanning thousands of years. In fact, the history of India begins with evidence of human activity millions of years ago. The Indus Valley Civilization was the first major civilization. Vedic Civilization witnessed the rise of major polities. Almost the whole country was controlled by Mauryan Empire and it was again united under Gupta Empire. Muslim rule in the subcontinent began when the Arabs conquered Sindh and Multan. Then, several invasions from Central Asia led to the formation of Muslim empires, such as the Delhi Sultanate and the Mughal Empire. Mughals conquered most of northern India and finally controlled the entire sub-continent and Afghanistan. Mughal Empire declined in the 18th century. Then, East India Company gained ascendancy over South Asia. Dissatisfaction with Company rule led to an unsuccessful revolt in 1857, after which India was directly administered by the British Crown. In the 20th century, a nationwide struggle for independence was launched by Indian National Congress. The subcontinent gained independence from Great Britain in 1947, but the country was partitioned into two dominions of India and Pakistan. After Independence, a new era began. This comprehensive book, comprising four volumes covers the entire history of the Indian Nation in a very compact manner. This book is an asset for historians, teachers, students and general readers, at par.*

## A World Connecting

**Harvard University Press** *Between 1870 and 1945, advances in communication and transportation simultaneously expanded and shrank the world. In five interpretive essays, A World Connecting goes beyond nations, empires, and world wars to capture the era's defining feature: the profound and disruptive shift toward an ever more rapidly integrating world.*

## Gandhi and the Unspeakable

## His Final Experiment with Truth

**Orbis Books** *In 1948, at the dawn of his country's independence, Mohandas Gandhi, father of the Indian independence movement and a beloved prophet of nonviolence, was assassinated by Hindu nationalists. In riveting detail, author James W. Douglass shows as he previously did with the story of JFK how police and security forces were complicit in the assassination and how in killing one man, they hoped to destroy his vision of peace, nonviolence, and reconciliation. Gandhi had long anticipated and prepared for this fate. In reviewing the little-known story of his early "experiments in truth" in South Africa the laboratory for Gandhi's philosophy of satyagraha, or truth force Douglass shows how early he confronted and overcame the fear of death. And, as with his account of JFK's death, he shows why this story matters: what we can learn from Gandhi's truth in the struggle for peace and reconciliation today.*

## Ghaffar Khan

## Nonviolent Badshah of the Pakhtuns

**Penguin UK** *Born into the Muhammadzai tribe, from the Charsadda valley in the Pakhtun heartland, Khan Abdul Ghaffar Khan was a passionate believer in the nonviolent core of Islam and sought to wean his people—the fierce warrior Pakhtuns or Pathans of the North-West Frontier Province—from their violent traditions and fight for a separate Pakhtun homeland that would no longer be a buffer between Russia and Britain in the Great Game. In 1929 came Mahatma Gandhi's call for nonviolent resistance against British rule and Badshah Khan responded by raising the Khudai Khidmatgars (Servants of God), an army of 1,00,000 men who pledged themselves to the service of mankind and nonviolence as a creed. For this, and for his steadfast devotion to his principles, this towering figure was imprisoned for a total of twenty-seven years, first by the British and later by the Pakistani government. This is a perceptive biography that offers fresh insights into the life and achievements of an extraordinary man, drawing close parallels with the life of Mahatma Gandhi, his brother in spirit. The author looks at Ghaffar Khan 'with the spectacles of today rather than those of 1947', emphasizing that for people in the twenty-first century who live in the shadow of 9/11, Badshah Khan's unwavering commitment to nonviolence and Hindu-Muslim unity offers valuable lessons.*

## Philosophy as Samvada and Svaraj

## Dialogical Meditations on Daya Krishna and Ramchandra Gandhi

**SAGE Publishing India** *Philosophy as Samvada and Svaraj discusses Daya Krishna and Ramchandra Gandhi's respective intellectual contributions and speculates how one might take forward the work of the two persons who were among the most brilliant minds of our times. Both Daya Krishna and Ramchandra Gandhi emphasized freedom and autonomy of thought and upheld the importance of samvada, somewhat inadequate in its English translation as dialogue. And both of them were philosophers concerned with how philosophy might seek its svaraj, free from the orientalist hold of the religious, the colonial crippling of indigenous languages and institutions and the structures and categories of un-freedom that continue to haunt inhabitants of West and non-West. Philosophy must involve samvada—an open dialogue and intimate encounter between self and other. Both philosophers experimented with these concepts and were enormously creative. This book is a testament not only to the core values of philosophy, but also to how these values can be carried forward by new weaves of tradition and modernity.*

## The Cold War: The Definitive Encyclopedia and Document Collection [5 volumes]

**ABC-CLIO** *This sweeping reference work covers every aspect of the Cold War, from its ignition in the ashes of World War II, through the Berlin Wall and the Cuban Missile Crisis, to the collapse of the Soviet Union in 1991. The Cold War superpower face-off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today. This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world-changing event, including wars, new military technologies, diplomatic initiatives, espionage activities, important individuals and organizations, economic developments, societal and cultural events, and more. This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict. The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War, which are followed by some 1,500 entries on key individuals, wars, battles, weapons systems, diplomacy, politics, economics, and art and culture. Each entry has cross-references and a list of books for further reading. The text includes more than 100 key primary source documents, a detailed chronology, a glossary, and a selective bibliography. Numerous illustrations and maps are inset throughout to provide additional context to the material. Includes more than 1,500 entries covering all facets of the Cold War from its origins to its aftermath, including all political, diplomatic, military, social, economic, and cultural aspects Incorporates the scholarship of more than 200 internationally recognized contributors from around the world, many writing about events and issues from the perspective of their country of origin Offers more than 100 original documents—a collection that draws heavily on material from archives in China, Eastern Europe, and the former Soviet Union Provides hundreds of powerful images and dozens of informative maps detailing specific military conflicts and movements of various groups Includes a detailed chronology of important events that occurred before, during, and after the Cold War*

## Transnational Currents in a Shrinking World

**Harvard University Press** Emily Rosenberg examines the social and cultural networks that emerged from global exchanges between 1870 and 1945. Transnational connections were being formed many decades before "globalization" became a commonplace term in economic and political discourse, and these currents underscore the fluidity of spatial and personal identifications.

## The Good Boatman

## A Portrait of Gandhi

**Penguin Books India** A new and illuminating portrait of one of the greatest figures of the twentieth century. Mohandas Karamchand Gandhi has been the subject of over a dozen well-regarded biographies, yet key aspects of the man still prove elusive. In this book, Rajmohan Gandhi, a grandson of Mahatma Gandhi and an acclaimed biographer and scholar, attempts to understand the phenomenon that was Gandhi. This he does by examining in detail dominant and varied themes of Gandhi's life—his unsuccessful bid to keep India united, his attitude towards caste and untouchability; his relationship with those whose empire he challenged; his controversial experiments with chastity; his views on God, truth and non-violence; and his selection of heirs to lead a new-born nation. For a generation growing up on images of a simplified Father of the Nation and apostle of non-violence frozen in statues or reduced to a few predictable strokes of an artist's pen, this biography offers a rewarding insight into the man, his victories and his defeats.

## Britain in India, 1858-1947

**Anthem Press** 'Britain in India, 1858–1947' examines the last ninety years of British India, from the establishment of Crown rule after the Mutiny to withdrawal and partition in 1947.

## Britain in India, 1858–1947

**Anthem Press** 'Britain in India, 1858–1947' seeks to trace the last 90 years of British rule in the light of modern historical debates. The volume examines the ambiguities of British rule that followed from the post-Mutiny settlement: the tensions between an authoritarian bureaucracy and the promise of a liberal vision of the future, and between imperial interests and the growing coordination of Indian aspirations for self-rule. The volume analyses these tensions with reference to contemporary historical debates, and traces them through changing international relations and world wars to Indian independence and partition in 1947.

The magazine covers General Knowledge, Science and Technology news, Interviews of toppers of examinations, study material of Physics, Chemistry, Zoology and Botany with model papers, reasoning test questions, facts, quiz contest, general awareness and mental ability test in every monthly issue.

## India Today

## The Technological Indian

**Harvard University Press** In the late 1800s India seemed to be left behind by the Industrial Revolution. Today there are many technological Indians around the world but relatively few focus on India's problems. Ross Bassett—drawing on a database of every Indian to graduate from the Massachusetts Institute of Technology through 2000—explains the role of MIT in this outcome.

## Traces of Transcendence

### The Heart of the Spiritual Quest

**Wipf and Stock Publishers** *The author, Duncan Ferguson, draws upon his years as chaplain and professor in university settings, where seeking answers to hard and perplexing questions are the order of the day. One that continually surfaces is whether there is any evidence of divine transcendence in the natural world, in history, or in the human experience. Is there a God who might provide universal values, guidance to those seeking solutions to the overwhelming problems we face, and a measure of inner peace for troubled souls? This question is considered one of the most difficult to answer in a definitive way, and in a university setting, it is often answered by a clear no or simple neglect in that the question is not generally viewed as within the domain of the goals of the university. Dr. Ferguson believes that it is, and that it should be explored by our best minds in our universities and indeed the best minds in the world, by those with game-changing power, and by committed and compassionate seekers. It is especially not the exclusive domain of cultic preachers. He explores what might be interpreted as evidence of a divine Transcendence, looking within the natural world, human history, the history of religious thought in the great religions, and the need for divine guidance as the human family faces the critical crisis of the survival of planet Earth. Universal values, compassion, justice, and peace, often rooted in the great religious traditions, should guide us.*

### KASTURBA GANDHI: A BIOGRAPHY

**Roli Books Private Limited** *The contributions of Kasturba Gandhi to India's struggle for Independence have not been given the critical position they deserve, argues Professor B.M. Bhalla in this seminal study, Kasturba Gandhi: A Biography. In its portrayal of Kasturba as an activist and wife, walking along with the Mahatma, first in South Africa and then in India, her story should be read in terms of the struggle of Indian women for identity, equality and selfempowerment. This biography delineates how she became an ardent follower of her husband's great mission and how she struggled to retain her individuality in difficult situations in public and private life. Her capacity to adapt to changed conditions and circumstances, her courage to face adversity, loss and dangers matched her husband's. By Gandhi's own confession, his 'better half', this study is a vital re-assessment of Kasturba Gandhi's position within the Indian freedom movement.*

### Gandhi's Thought and Liberal Democracy

**Rowman & Littlefield** *This work explores issues in Gandhi scholarship, political theory, and religion. By applying core aspects of Gandhian philosophy to the present age it shows a harmony between commonly taken to be disparate aspects of social life that should interest anyone concerned about the future prospects for liberalism.*

### The Many Worlds of Sarala Devi

### A Diary : Translated from the Bengali Jeevaner Jharapata

**Berghahn Books** *This charming book The Many Worlds of Sarala Deri and The Tagores and Sartorial Styles, as the titles suggest, contain two separate but related writings on the Tagores. The Tagores were a pre-eminent family which became synonymous with the cultural regeneration of India, specifically of Bengal, in the nineteenth century. The first writing is a sensitive translation of Sarala Devi's memoirs from the Bengali, Jeeraner Jbarapata, by Sukhendu Ray. It is the first autobiography written by a nationalist woman leader of India. Sarala Devi was Rabindranath Tagore's niece and had an unusual life. The translation unfolds, among other things, what it was like to grow up in a big affluent house Jorasanko, which had more than 116 inmates and a dozen cooks! The second writing by Malavika Karlekar is a photo essay, creatively conceived, visually reflecting the social and cultural trends of the times, through styles of dress, jewellery and accountrements. The modern style of wearing a sari was introduced by Jnanadanandini Devi, a member of the Tagore family. The introduction by the well-known historian, Bharati Ray, very perceptively captures the larger context of family, marriage, women's education and politics of the time which touched Sarala Devi's life. She points out if memoirs are a kind of social history then women's diaries record social influences not found in official accounts and are therefore, a rich source of documentation.*

### India Today: An Encyclopedia of Life in the Republic [2 volumes]

### An Encyclopedia of Life in the Republic

**ABC-CLIO** *Containing almost 250 entries written by scholars from around the world, this two-volume resource provides current, accurate, and useful information on the politics, economics, society, and cultures of India since 1947. • 240 A-Z entries on the social, political, cultural, and economic development of India since 1947 • Contributions from more than 100 distinguished international scholars from five continents • A chronology of major domestic, regional, and world events in and involving India from 1947 to 2010 • A "Guide to Related Topics" to allow readers to trace main themes across related entries • An extensive Selected Bibliography containing multicultural and multidisciplinary materials and scholarship on the growth and development of the Republic of India from 1947 to the present*

### The Legacy of Walter Rodney in Guyana and the Caribbean

**University Press of America** *Rodney claimed developing countries were heirs to uneven development and ethnic disequilibrium and was disturbed by the inability of intellectuals to share a common cause with the masses. He sought to lift the Caribbean people from the victimization of history and the poverty of material circumstance.*

### Harambee City

### The Congress of Racial Equality in Cleveland and the Rise of Black Power Populism

**University of Arkansas Press** **BLACK POWER!** *It was a phrase that consumed the American imagination in the 1960s and 70s and inspired a new agenda for black freedom. Dynamic and transformational, the black power movement embodied more than media stereotypes of gun-toting, dashiki-wearing black radicals; the movement opened new paths to equality through political and economic empowerment. In Harambee City, Nishani Frazier chronicles the rise and fall of black power within the Congress of Racial Equality (CORE) by exploring the powerful influence of the Cleveland CORE chapter. Frazier explores the ways that black Clevelanders began to espouse black power ideals including black institution building, self-help, and self-defense. These ideals challenged CORE's philosophy of interracial brotherhood and nonviolent direct action, spawning ideological ambiguities in the Cleveland chapter. Later, as Cleveland CORE members rose to national prominence in the organization, they advocated an open embrace of black power and encouraged national CORE to develop a notion of black community uplift that emphasized economic populism over political engagement. Not surprisingly, these new empowerment strategies found acceptance in Cleveland. By providing an understanding of the tensions between black power and the mainstream civil rights movement as they manifested themselves as both local and national forces, Harambee City sheds new light on how CORE became one of the most dynamic civil rights organizations in the black power era.*

## Gandhi and Tagore

### Politics, truth and conscience

**Routledge** *This book brings together the political thought of Gandhi and Tagore to examine the relationship between politics, truth and conscience. It explores truth and conscience as viable public virtues with regard to two exemplars of ethical politics, addressing in turn the concerns of an evolving modern Indian political community. The comprehensive and textually argued discussion frames the subject of the validity of ethical politics in inhospitable contexts such as the fanatically despotic state and energised nationalism. The book studies in nuanced detail Tagore's opposition to political violence in colonial Bengal, the scope of non-violence and satyagraha as recommended by Gandhi to Jews in Nazi Germany, his response to the complexity of protest against the Jallianwala Bagh massacre, and the differently constituted nationalism of Gandhi and Tagore. It presents their famous debate in a new light, embedded within the dynamics of cultural identification, political praxis and the capacity of a community to imbibe the principles of ethical politics. Comprehensive and perceptive in analysis, this book will be a valuable addition for scholars and researchers of political science with specialisation in Indian political thought, philosophy and history. Gangeya Mukherji is Reader in English at Mahamati Prannath Mahavidyalaya, Mau-Chitrakoot, Uttar Pradesh, India.*

## Gandhi and Churchill

### The Rivalry That Destroyed an Empire and Forged Our Age

**Random House** *Mohandas Gandhi and Winston Churchill: India's moral leader and Great Britain's greatest Prime Minister. Born five years and seven thousand miles apart, they became embodiments of the nations they led. Both became living icons, idolized and admired around the world. Today, they remain enduring models of leadership in a democratic society. Yet the truth was Churchill and Gandhi were bitter enemies throughout their lives. This book reveals, for the first time, how that rivalry shaped the twentieth century and beyond. For more than forty years, from 1906 to 1948, Gandhi and Churchill were locked in a tense struggle for the hearts and minds of the British public, and of world opinion. Although they met only once, their titanic contest of wills would decide the fate of nations, continents, peoples, and ultimately an Empire. Here is a sweeping epic with a fascinating supporting cast, and a brilliant narrative parable of two men whose great successes were always haunted by personal failure - and whose final moments of triumph were overshadowed by the loss of what they held most dear.*

## Wisdom Commentary: 1-2 Peter and Jude

**Liturgical Press** *Reading 1 Peter through the lens of feminist and diaspora studies keeps front and center the bodily, psychological, and social suffering experienced by those without stable support of family or homeland, whether they were economic migrants or descendants of those enslaved by Roman armies. In the new "household" of God, believers are encouraged to exhibit a moral superiority to the society that engulfs them. But adoption of "elite" values cannot erase the undertones of randomized verbal abuse, general scorn, and physical violence that women, immigrants, slaves, and freedmen faced as the "facts of life." First Peter offers the "honor" of identifying with the Crucified, "by his bruises you are healed" (2:24). A Christian liberation ethic would challenge 1 Peter's approach. Pliny the Younger, governor of Bithynia-Pontus in north-western Asia Minor, is a contemporary of 2 Peter's writer. The polemical, accusatory genre of 2 Peter, like Jude, originates in Roman judicial rhetoric. The pastor, in the persona of a prosecuting attorney, condemns immoral defendants, including influential women. Their "crimes" encode community tensions over women's leadership, Gentile-members' sexual ethics, their syncretistic deviations from Jewish doctrine on creation, and the certainty of divine judgment and punishment. Citations to Elizabeth Cady Stanton's A Woman's Bible enliven the commentary. The doctrinal disorder prompts the male pastor to sustain loyalists in their commitment to "Our Lord and Savior Jesus Christ." Second Peter dramatizes an ecclesial crisis whose "solution" was the eventual imposition of a magisterium to silence dissent. Brief, combative, and assuming a familiarity with a literary culture that most twenty-first-century readers do not have, the Letter of Jude would be an obvious candidate for being the most neglected book of the New Testament. As a model for a pastoral strategy, it can be recommended only with great reservations: almost everyone will find in it something problematic, if not offensive. Yet, in addition to giving a window on a Greek-speaking Jewish-Christian milieu, Jude's energetic prose testifies to the author's visceral concern for those attempting to live by the gospel in difficult circumstances. Furthermore, to the extent that over familiarity with parts of the New Testament can blunt their challenge, this letter provides a salutary reminder that the entire canon originated in a world that is radically unfamiliar to us.*
