Orson Welles

Interviews

Univ. Press of Mississippi This book brings together an exceptional array of interviews, profiles, and press conferences tracing the half century that Orson Welles (1915- 1985) was in the public eye. Originally published or broadcast between 1938 and 1989 in worldwide locations, these pieces confirm that Welles's career was multidimensional and thoroughly inter-woven with Welles's persona. Several of them offer vivid testimony to his grasp on the public imagination in Welles's heyday, including accounts of his War of the Worlds broadcast. Some interviews appear in English for the first time. Two transcriptions of British television interviews have never before appeared in print. Interviewers include Kenneth Tynan, French critic André Bazin, and Gore Vidal. The subjects center on the performing arts but also embrace philosophy, religion, history, and, especially, American society and politics. Welles confronts painful topics: the attempts to suppress Citizen Kane, RKO's mutilation of The Magnificent Ambersons, his loss of directorial authority, his regret at never having run for political office, and his financial struggles. "I would have sold my soul" to play Marlon Brando's role as Don Corleone in The Godfather, he tells a BBC interviewer. Welles deflates the notion of the film director's omnipotence, insisting that it is only in the editing studio that he possesses "absolute control." With scholarly erudition, Welles revels in the plays of Shakespeare and discusses their adaptation to stage and screen. He assesses rival directors and eminent actors, offers penetrating analyses of Citizen Kane, Touch of Evil, Chimes at Midnight, and The Third Man, and declares that he never made a film that lacked an ethical point-of-view. These conversations reveal the majestic mind and talent of Welles from a fresh perspective. Mark W. Estrin, a professor of English and film studies at Rhode Island College, is editor of Conversations with Eugene O'Neill (University Press of Mississippi) and Critical Essays on Lillian Hellman and the author of numerous articles on film and dramatic literature.

What Ever Happened to Orson Welles?

A Portrait of an Independent Career

University Press of Kentucky In this intimate and often surprising personal portrait, Joseph McBride challenges the conventional wisdom that Welles's career after Citizen Kane, widely regarded as the greatest film ever made, fell into a long decline. The author shows instead how Welles never stopped directing radical, adventurous films and was always breaking new artistic ground as a filmmaker. McBride is the first author to provide a comprehensive examination of the films of Welles's artistically rich yet widely misunderstood later period in the United States (1970-1985), when McBride knew the director and worked with him as an actor on The Other Side of the Wind, Welles's personal testament on filmmaking. To put Welles's later years into context, the author reexamines the filmmaker's entire life and career. This newly updated edition rounds out the story with a final

chapter analyzing *The Other Side of the Wind*, finally completed in 2018, and his rediscovered 1938 film, *Too Much Johnson*. McBride offers many fresh insights into the collapse of Welles's Hollywood career in the 1940s, his subsequent political blacklisting, and his long period of European exile. *What Ever Happened to Orson Welles?* serves as a major reinterpretation of Welles's life and work. McBride's revealing portrait changes the framework for how Orson Welles is understood as a man, an actor, a political figure, and a filmmaker.

Orson Welles's Citizen Kane

A Casebook

Oxford University Press Citizen Kane is arguably the most admired and significant film since the advent of talking pictures. No other film is quite so interesting from both artistic and political points of view. To study it even briefly is to learn a great deal about American history, motion-picture style, and the literary aspects of motion-picture scripts. Rather than presenting a sterile display of critical methodologies, James Naremore has gathered a set of essays that represent the essential writings on the film. It gives the reader a lively set of critical interpretations, together with the necessary production information, historical background, and technical understanding to comprehend the film's larger cultural significance. Selections range from the anecdotal --Peter Bogdanovich's interview with Orson Welles--to the critical, with discussions on the scripts and sound track, and a discussion of what accounts for the film's enduring popularity. Contributors include James Naremore, Peter Bogdanovich, Jonathan Rosenbaum, Robert L. Carringer, François Thomas, Michael Denning, Laura Mulvey, Peter Wollen, and Paul Arthur.

Orson Welles and Roger Hill: A Friendship in Three Acts

BearManor Media *Orson Welles and Roger Hill: A Friendship in Three Acts* chronicles the seven-decade relationship between Orson Welles and his mentor and treasured friend, the author's grandfather, Roger Hill. Welles's attachment to Hill was instant, reciprocal, and developed into an enduring love. Their intimate conversations and correspondence revealed in *Friendship*— at times frothy, and at other times solemn—reflect their incalculable interests and abiding fascination with the human comedy. Orson was recognized by multitudes around the world, and his celebrity hasn't diminished since his death in 1985. His public persona is widely known, admired, and debated, but very few knew the private Orson Welles. That fascinating and uncommonly warm persona is radiantly revealed in every page, as is the equally charismatic nature of Roger Hill. Reflecting on the book, fellow director and author of *This is Orson Welles*, Peter Bogdanovich observed: "I found *Orson Welles and Roger Hill: A Friendship in Three Acts* fascinating, touching, and revealing of Orson and Roger. It certainly is the Orson I knew in all his complexity and brilliance." English actor, writer, director, and author of *Orson Welles: The Road to Xanadu*, and *Orson Welles: Hello Americans*, the first two of an eventual three-volume Welles biography, Simon Callow, asserted: I read *Orson Welles and Roger Hill: A Friendship in Three Acts* with absolute delight. At last I have what I have been looking for in vain till now: the sound of Welles's private voice, the warmth, easiness, modesty, fantasy of which so many have spoken but which none have been able to reproduce. Here it is at last, along with the moving revelation of the depth of feeling between Orson Welles and Roger Hill: the undeviating, unconditional, but intelligent love in which Orson clearly rejoices, and by which he is so evidently sustained, even through the worst reverses and most bitter disappointments." American film critic and author of *Discovering Orson Welles*, Jonathan Rosenbaum, said of *Orson Welles and Roger Hill: A Friendship in Three Acts*: "The major and longest-lasting close friendship of Orson Welles's life was with one of his earliest role models—his teacher, advisor, and theatrical mentor at the Todd School who later became the school's headmaster, Roger Hill. Hill's grandson, Todd Tarbox, has given us invaluable and candidly intimate glimpses into many of its stages." About the Author: Todd Tarbox was born in Chicago, Illinois. He is the author of *See the World, Imagine*, and co-editor of *Footprints of Young Explorers*. Tarbox lives in Barrington Hills, Illinois. The 2013 calendar year has provided enough new Welles material to make the case for his lasting iconography... Welles managed to know so many people and go so many places that the very narrative of his existence provides a rich conduit to any number of eras and topics in twentieth century history. Todd Tarbox's *Orson Welles and Roger Hill: A Friendship in Three Acts* tracks the writer-director-actor-thinker through a series of warm conversations with his lifelong mentor, whom he met while attending the Woodstock, Illinois boys' school where the actor developed his many trades... Tarbox plays up the eloquence that emerges from the synthesis of two active minds in conversation and strikes a nostalgic tone by tracking the decline of educated approaches to artistic creation. Welles and Tarbox seemingly exist in an echo chamber divorced from the rush of the commercial world. — Cineaste Magazine

Orson Welles, Volume 3

One-Man Band

Random House In *One-Man Band*, the third volume in his epic survey of Orson Welles' life and work, Simon Callow again probes in comprehensive and penetrating detail into one of the most complex artists of the twentieth century, looking closely at the triumphs and failures of an ambitious one-man assault on one medium after another - theatre, radio, film, television, even, at one point, ballet - in each of which his radical and original approach opened up new directions and hitherto unglimped possibilities. The book begins with Welles' self-exile from America, and his realisation that he could only function happily as an independent film-maker, a one-man band; by 1964, he had filmed *Othello*, which took three years to complete, *Mr Arkadin*, the biggest conundrum in his output, and his masterpiece *Chimes at Midnight*, as well as *Touch of Evil*, his sole return to Hollywood and, like all too many of his films, wrested from his grasp and re-edited. Along the way he made inroads into the fledgling medium of television and a number of stage plays, including *Moby-Dick*, considered by theatre historians to be one of the seminal productions of the century. Meanwhile, his private life was as dramatic as his professional life. The book shows what it was like to be around Welles, and, with a precision rarely attempted before, what it was like to be him, in which lies the answer to the old riddle: whatever happened to Orson Welles?

Orson Welles's Last Movie

The Making of The Other Side of the Wind

St. Martin's Press Journalist Josh Karp shines a spotlight on the making of *The Other Side of the Wind*—the final unfinished film from the auteur of *Citizen Kane* in Orson Welles’s Last Movie, the basis of Oscar-winning director Morgan Neville’s Netflix Original Documentary, *They’ll Love Me When I’m Dead*. In the summer of 1970, legendary but self-destructive director Orson Welles returned to Hollywood from years of self-imposed exile in Europe and decided it was time to make a comeback movie. Coincidentally, it was the story of a legendary self-destructive director who returns to Hollywood from years of self-imposed exile in Europe. Welles swore it wasn’t autobiographical. *The Other Side of the Wind* was supposed to take place during a single day, and Welles planned to shoot it in eight weeks. It took six years during his lifetime—only to be finally completed more than thirty years after his death by *The Last Picture Show* director Peter Bogdanovich, who narrates the film, and released by Netflix. Orson Welles’s Last Movie is a fast-paced, behind-the-scenes account of the bizarre, hilarious, and remarkable making of what has been called “the greatest home movie that no one has ever seen.” Funded by the shah of Iran’s brother-in-law, and based on a script that Welles rewrote every night for years, the film was a final attempt to one-up his own best work. It’s a production best encompassed by its star—the celebrated director of *The Maltese Falcon*, John Huston—who described the making of the film as “an adventure shared by desperate men that finally came to nothing.”

The War of the Worlds Illustrated

The War of the Worlds is a science fiction novel by English author H. G. Wells, first serialized in 1897 by *Pearson's Magazine* in the UK and by *Cosmopolitan* magazine in the US. The novel's first appearance in hardcover was in 1898 from publisher William Heinemann of London. Written between 1895 and 1897, [2] it is one of the earliest stories to detail a conflict between mankind and an extraterrestrial race.[3] The novel is the first-person narrative of both an unnamed protagonist in Surrey and of his younger brother in London as southern England is invaded by Martians. The novel is one of the most commented-on works in the science fiction canon

The Cultural Front

The Laboring of American Culture in the Twentieth Century

Verso As garment workers, longshoremen, autoworkers, sharecroppers and clerks took to the streets, striking and organizing unions in the midst of the Depression, artists, writers and filmmakers joined the insurgent social movement by creating a cultural front. Disney cartoonists walked picket lines, and Billie Holiday sang 'Strange Fruit' at the left-wing

cabaret, Café Society. Duke Ellington produced a radical musical, Jump for Joy, New York garment workers staged the legendary Broadway revue Pins and Needles, and Orson Welles and his Mercury players took their labor operas and anti-fascist Shakespeare to Hollywood and made Citizen Kane. A major reassessment of US cultural history, The Cultural Front is a vivid mural of this extraordinary upheaval which reshaped American culture in the twentieth century.

Orson Welles

Hello Americans

Random House From Citizen Kane to Macbeth, Simon Callow's brilliant biography of Orson Welles explores the breakdown of his Hollywood career. When Citizen Kane, his first film, opened in 1941, Welles was universally acclaimed as the most audacious filmmaker alive. But instead of marking the beginning of a triumphant career in Hollywood, the film proved to be an exception in Welles's life and work. He found it increasingly impossible to function within Hollywood's system. Project after project foundered, either abandoned incomplete, or was released in very different form from the one he intended. Finally, in 1947, he left America for Europe where for the best part of twenty years he lived in self-imposed exile, occasionally and briefly returning to stage a play, make a film or shoot a television drama. Hello Americans reveals the immense complexities of Welles's temperament as well as some of the monstrous personalities with whom he had to contend. At the same time, the book gives full weight to the almost bewildering range of his activities beyond Hollywood. The thread that runs through this apparently incoherent blur of activity is an often-frustrated engagement with his native land, its faults, its arts, its history. But by 1947, he had said all that he had to say to his fellow citizens; it was Goodbye Americans for two decades of experimental, innovative but essentially European work.

Conversations with Buñuel

Interviews with the Filmmaker, Family Members, Friends and Collaborators

McFarland "One of the most revealing books ever published about the filmmaker"--Cineaste (on the original Spanish edition). This book features extended conversations with Spanish filmmaker Luis Buñuel (1900-1983) and interviews with his family members, friends and colleagues--including Salvador Dalí, Louis Aragon and Fernando Rey--conducted by Max Aub in the late 1960s and early 1970s. Notorious for inventing fanciful versions of his life and his creative output, Buñuel was hard put to deceive the astute Max Aub, who shared Buñuel's background in Spain, in Paris during the Spanish Civil War, and in Mexico, where they were friends and collaborators. Originally published in Spain in 1985, this translated (the first in English) and expanded edition (with several significant interviews and a detailed index not found in the original) provides a detailed picture of Buñuel's life and art. Extensive notes contextualize the conversations and acknowledge the discoveries of recent studies on Buñuel.

Orson Welles, Volume 2

Hello Americans

Random House The reason for the decline of Orson Welles's career is a hotly debated issue, but decline it certainly did. When *Citizen Kane*, his first film, opened in 1941, Welles was universally acclaimed as the most audacious filmmaker alive. But instead of marking the beginning of a triumphant career in Hollywood, the film still regularly voted the greatest ever made proved to be an exception in Welles's life and work. In 1947 Welles left America for Europe and lived for the best part of twenty years in self-imposed exile. Welles himself famously quipped 'I started at the top and worked my way down' - the second volume of Simon Callow's compelling biography tells the story of that complex and protracted descent from grace.

Uneasy Alliance

Twentieth-Century American Literature, Culture and Biography

BRILL *Uneasy Alliance* illuminates the recent search in literary studies for a new interface between textual and contextual readings. Written in tribute to G.A.M. Janssens, the twenty-one essays in the volume exemplify a renewed awareness of the paradoxical nature of literary texts both as works of literary art and as documents embedded in and functioning within a writer's life and culture. Together they offer fresh and often interdisciplinary perspectives on twentieth-century American writers of more or less established status (Henry James, Edna St. Vincent Millay, E.E. Cummings, Vladimir Nabokov, Flannery O'Connor, Saul Bellow, Michael Ondaatje, Toni Morrison and Sandra Cisneros) as well as on those who, for reasons of fashion, politics, ideology, or gender, have been unduly neglected (Booth Tarkington, Julia Peterkin, Robert Coates, Martha Gellhorn, Isabella Gardner, Karl Shapiro, the young Jewish-American writers, Julia Alvarez, and writers of popular crime and detective fiction). Exploring the fruitful interactions and uneasy alliance between literature and ethics, film, biography, gender studies, popular culture, avant-garde art, urban studies, anthropology and multicultural studies, together these essays testify to the ongoing pertinence of an approach to literature that is undogmatic, sensitive and sophisticated and that seeks to do justice to the complex interweavings of literature, culture and biography in twentieth-century American writing.

Sound and Source Music in Classic American Noir

Rutgers University Press "Robert Miklitsch has convinced me. Sound and music in film noir are every bit as important as the visuals. Siren City drives home this argument with authority and elegance. Highly recommended."---Krin Gabbard, author of *Hotter Than That: The Trumpet, Jazz, and American Culture* --

Running the Race

The "Public Face" of Charlton Heston

Savas Beatie Thundering across the screen, Judah Ben-Hur's iconic chariot race against his former friend turned bitter foe remains an indelible part of cinematic history and established Charlton Heston as an international superstar. In many ways the race was a metaphor for the actor's dynamic life, symbolizing his struggle to establish himself in his profession. Brian Steel Wills' captures for the first time a comprehensive view of the actor's climb to fame, his search for the perfect performance, and the meaningful roles he played in support of the causes he embraced in *Running the Race: The "Public Face" of Charlton Heston*. The actor was born and raised in the Michigan woodlands and suburbs of Chicago, where he found his love of acting in the books he read and the movies he saw. "Chuck" Heston's introduction to the craft that would become his life's work began at New Trier High School and spilled over into Northwestern University. The Second World War interrupted his journey when he served his country, after which he and his wife Lydia headed to Asheville, North Carolina, where they both acted and directed in theater. The lights of New York City and Broadway beckoned, and live television offered an important platform, but Hollywood and feature films were his destiny. His roles were as varied as they were powerful, and included stints as Moses, Ben-Hur, El Cid, Michelangelo, Mike Vargas, and Charles "Chinese" Gordon under legendary directors like Cecil B. DeMille, William Wyler, Franklin Schaffner, and Orson Welles. He shifted to science fiction in *Planet of the Apes* and *Soylent Green*, a wide range of action and disaster films, and more nuanced roles such as Will Penny. Over his decades of performance Heston defined and redefined his "public face" in a constant quest for an audience for his work. He undertook wide-ranging public service roles for the government, the arts, and other causes. His leadership in the Screen Actors Guild and American Film Institute carried him from Hollywood to the halls of Congress. He became an outspoken advocate of the arts and other public and charitable causes, marched with Dr. Martin Luther King, Jr. in Washington, and supported Second Amendment rights with the National Rifle Association. He did so even when his positions often clashed with other actors on issues ranging from nuclear arms, national security, and gun rights. The proud independent shifted decidedly to the Republican Party and appeared at political rallies and conventions, but rebuffed calls to run for office in favor of assuming similar roles on the big screen. Award-winning historian Brian Steel Wills dug deep to paint a rich portrait of Heston's extraordinary life—a mix of complications and complexities that touched film, television, theater, politics, and society. His carefully crafted "public face" was impactful in more ways than the ordinarily shy and private family man could have ever imagined.

The Cambridge Companion to Shakespeare on Film

Cambridge University Press Film adaptations of Shakespeare's plays are increasingly popular and now figure prominently in the study of his work and its reception. This lively Companion is a collection of critical and historical essays on the films adapted from, and inspired by, Shakespeare's plays. An international team of leading scholars discuss Shakespearean films from a variety of perspectives: as works of art in their own right; as products of the international movie industry; in terms of cinematic and theatrical genres;

and as the work of particular directors from Laurence Olivier and Orson Welles to Franco Zeffirelli and Kenneth Branagh. They also consider specific issues such as the portrayal of Shakespeare's women and the supernatural. The emphasis is on feature films for cinema, rather than television, with strong coverage of Hamlet, Richard III, Macbeth, King Lear and Romeo and Juliet. A guide to further reading and a useful filmography are also provided.
